# Part A

**Introduction of the University**

With a view to meet the increasing demand for the development and dissemination of engineering and technological as well as business know-how, Bangladesh Armed Forces established the Bangladesh Army University of Science and Technology (BAUST), Saidpur that promises to provide facilities for higher technical education for the students from home and abroad. BAUST started its journey on 15 February 2015 by offering four-year bachelor's degrees on Computer Science and Engineering (CSE), Electrical and Electronic Engineering (EEE), and Mechanical Engineering (ME). and gradually opened various programs like Industrial and Production Engineering, Business Administration and English. At present the University operates the programs under five faculties viz. Faculty of Electronic and Computer Engineering, Faculty of Mechanical Engineering, Faculty of Civil Engineering, Faculty of Business Studies and Faculty of Science and Humanities.

**Aim**

The aim of BAUST is to conduct undergraduate and post-graduate courses in various disciplines of Engineering, Business and Humanities leading to Bachelor of Science in Engineering (B. Sc. Engineering) and Bachelor of Business Administration (B.B.A), BA (Hons) in English, and Master of Business Administration (Evening) programs for the students from home and abroad.

**Objectives**

The objectives of BAUST are:

a. To offer the following disciplines in Engineering as well as Business and Humanities with a view to meeting the increasing demand for manpower in the country:

Four-year Bachelor’s and two/one year Master Programs are:

B. Sc. in Computer Science and Engineering (CSE)

B. Sc. in Electrical and Electronic Engineering (EEE)

B. Sc. in Mechanical Engineering (ME)

B. Sc. in Industrial and Production Engineering (IPE)

Bachelor of Business Administration (BBA)

Master of Business Administration (MBA)

BA (Hons) in English

B. Sc. in Civil Engineering (CE)

B. Sc. in Information and Communication Technology (ICT)

BBA in Accounting and Information Systems

MA in ELT

a. To produce skilled, well disciplined, self-motivated and dedicated engineers, computer professionals, business personnel and qualified man power.

b. To make provisions for research and development and dissemination of knowledge in appropriate fields of science, technology, business and humanities

**Location**

BAUST is located at Saidpur Cantonment, Saidpur, Nilphamari, a hub of knowledge for Bangladesh Armed Forces. Saidpur Cantonment is a calm and quiet education village and free from all possible pollution of a city life. Whistling birds on the tree branches and overall bounty of nature adds to the already existing splendid academic atmosphere.

## Title of the Academic Program:

MBA ( Regular)
MBA (For BBA Graduate)
MBA (Executives)

**Name of the University:** Bangladesh Army University of Science and Technology (BAUST), Saidpur

**Vision of BAUST**

BAUST will be the premier center of excellence in science, engineering, technology, business and arts by creating and transferring knowledge with human touch to the young generations to come to enhance the quality of life in Bangladesh and beyond.

**Mission of BAUST**

The mission of BAUST is to develop human resources in the fields of science, engineering, technology, business and arts to meet the ever changing needs of the society in the perspective of the highly complex and globalized world and to do so it aims at producing quality graduates imbued with the spirit of ethical values and equipped with knowledge and skills appropriate to the fast changing world so that they can face the challenges successfully wherever they are and contribute to social and economic development of the country in their own humble way.

**Name of the Degree**

BAUST intends to offer 3 (three) types of MBA Program. The Programs are as follows:

a. MBA (Regular)

b. MBA (For BBA Graduate)

c. MBA (For Executive)

**Description of MBA programs**

The Master of Business Administration Program is a professional graduate program for individuals who plan to build career as Managers/Business leaders under the faculty of business studies. The primary emphasis is on the management of business organizations in the private sector as well as government sector. The program also prepares individuals who plan careers in government, semi-government, NGO, social and private organization. The MBA program aims to help capable individuals develop the specific skills and the breadth of judgment required of an efficient Manager. The program emphasizes students' ability to evaluate business and organizational situations and to make informed and curative judgment about policy and operation. The MBA program begins with a sequence of fundamental Business courses. From these courses, students may choose some electives which provide opportunities for concentration in certain disciplinary areas.

Medium of Instruction and Examination

The medium of instruction is in English.

Major/Concentration

The following specialized areas are available for students' choice as concentration

Accounting and Information Systems (AIS)

Human Resource Management (HRM)

Finance

Marketing

Bank Management.

Students are required to take 04 (four) courses listed under each major area.

**Breakup of the Courses:**

* Compulsory Courses: 11 Courses from Core Courses : 11 Courses * 3 = 33 Credits

* Concentration / Specialized Courses : 04 Courses * 3 = 12 Credits

* Internship Report and Viva Voce : 01 Course * 3 = 03 Credits

# Part-B

## Structure of Curriculum

Duration of the program

MBA (Regular) Program

☆Duration : 2 Years ☆Term : 04

☆Total Courses : 20 ☆Total Credits : 60

**Breakup of the Courses**

* Compulsory Courses: 15 Courses from Core Courses : 15 Courses * 3 = 45 Credits

* Concentration / Specialized /Major Courses : 04 Courses * 3 = 12 Credits

* Internship Report and Viva Voce : 01 Course * 3 = 03 Credits

**MBA Program (For BBA Graduate)**

☆Duration : 1 Year ☆Term : 02

☆Total Courses : 12 ☆Total Credits: 36

**Breakup of the Courses**

* Compulsory Courses: 7 Courses from Core Courses : 07 Courses * 3 = 21 Credits

* Concentration / Specialized Courses : 04 Courses * 3 = 12 Credits

* Internship Report and Viva Voce : 01 Course * 3 = 03 Credits

**MBA Program (For Executive):**

☆Duration : 1.5 Years ☆Term : 03

☆Total Courses : 16 ☆Total Credits : 48

## Admission Requirements

BAUST intends to offer 3 (three) types of MBA Program. The Programs are as follows:

a. MBA (Regular)

For full-time/ part time students
Admission Requirements: At least a Bachelor Degree in any discipline from a recognized University.
Duration: 2 years (4 Terms).
Credits: 60

b. MBA (For BBA Graduate)

For full-time/ part time students

Admission Requirements: BBA/B. Com (Four Years Honors) Degree

Duration: 1 year (2 Terms).

Credits: 36

c. MBA (For Executive)

Admission Requirements: At least a Bachelor Degree in any disciplines with 2 (two) or more years of Executive level job exposure/ A Master Degree with at least 1 (one) year of executive level job exposure.

Duration: 1.5 years (3 Terms)

Credits: 48

## Degree Requirements:

The MBA Degree requirements are as follows:

To obtain the MBA (Regular) degree, a student will have to complete 60 credits with a minimum CGPA of 2.25.

To obtain the MBA (For BBA Graduate) degree a student will have to complete 36 credits with a minimum CGPA of 2.25.

To obtain the MBA (For Executive) degree a student will have to complete 48 credits with a minimum CGPA of 2.25.

However, students shall have to complete the degree of Masters of Business Administration within the duration mention. For an unavoidable reason if a student fails to complete the course within stipulated time, he/she must complete all degree requirements within:

3 (three) Years or 6 terms (MBA Regular)

2(two) Years or 4 terms (MBA [BBA Graduate])

2 (two) Years and 6th months or 5 terms (MBA Executive)

Failure to complete all degree requirements within the given time frame may disqualify a student from continuation of his/her study at the university.

### Number of Terms in a year

There will be two terms in an academic year. In each term there will be offered 5/6 courses. If a student fails in any course in the term final examinations, then one should retake that/another course as open credit. A student may appear in the improvement examination for the subjects with letter grade less than

'B' in final examinations to next semester final examination. The maximum letter grade in improvement examination will be 'B+' and his/her former letter grade will be cancelled.

**Duration of Terms**

The duration of each of term will be as follows:

| Events | Duration | | |
|---|---|---|---|
| | Class weeks | Exam weeks | Total |
| Classes before Mid Break | 7 weeks | | |
| Classes after Mid Term Break | 7 weeks | | |
| Term Final Examination | | 3 weeks | |
| Total | 15 weeks | 3 weeks | 18 weeks |
| Other Examination (if necessary) | | | 2 week |
| Mid Term Break | | | 1 week |
| Preparatory Leave | | | 2 weeks |
| Total | | | 22 weeks |
| There are another 4 (four) weeks allotted for preparation and publication of final results. | | | 4 weeks |
| Grand Total | | | 26 weeks |

**Number of class and class hour**

For a course of 3 (three) credit hours there will be 2 (three) lectures per week and the duration of each lecture is 1.5(one) hour. The number of total lectures for each course is (14 weeks x 1.5 lectures x 2 classes per week) 45 and the total duration for the same is (15 weeks x 3 hours x 2 classes per week) 42 hours.

**Eligibility of Students for Admission in MBA Programs**

BAUST intends to offer 3(three) types of MBA programs, Regular MBA, BBA Graduate MBA and Executive MBA and the students must fulfill the following requirements

The minimum requirement to apply for admission in Regular MBA program is a Bachelor Degree or its equivalent in any field. A student must have minimum 2nd division or class or equivalent grade or 45% marks in all public examinations.

The minimum requirement to apply for admission in BBA graduate MBA program is a Bachelor Degree or its equivalent in BBA/B.Com of four years honors degree. A student must have minimum 2nd division or class or equivalent grade or 45% marks in all public examinations.

The minimum requirement to apply for admission in Executive MBA program is a Bachelor Degree or its equivalent in any disciplines with at least 2(two) years of executive level jobs exposure/A Master degree with at least 1(one) year of executive level job exposure. A student must have minimum 2nd division or class or equivalent grade or 45% marks in all public examinations.

## Admission Process

Selection of candidates is made basing on their standing in the combined merit list. The selection process that is followed in BAUST:

Written Admission Test. All candidates are required to attend a written admission test of 100 marks, where he/she will have to qualify. The test follows the internationally recognized SAT standard in terms of conventions, coverage and level of difficulty and covers Mathematics, English, General Aptitude and Analytical Ability.

Communication Test (Interview/Viva-Voce). The candidates are selected for communication test based on their written test result. Panels of faculty members take the communication test/interview, which carry 25 marks.

Marks from Past Public Examinations. The results of past public examinations carry 25 marks, where 15% is from HSC and equivalent and 10% from SSC and equivalent. The marks are calculated in a simple linear distribution method from candidates' GPA.

Final Selection. Final selection is made on the basis of merit. The merit list is prepared according to combined marks obtained by candidates in the written admission test (50% of marks scored), score in communication test (interview/viva voce) and in past public examinations.

### Admission in the MBA Program

After final selection, the candidates are asked to go through a medical checkup at BAUST's CMH to ascertain their medical fitness. The selected candidates must collect Admission Form from Admission Section of Registrar Office and complete admission and registration formalities within the given time frame with respective BAUST Admission Section and Faculty by paying required fees. The following rules will apply in this regard:

Candidate failing to complete admission formalities within the prescribed date and time, his/ her selection will be considered as cancelled.

Student who fails to attend the class within two weeks of the commencement of 1st semester class, his/her admission will be considered as cancelled.

In case, the prescribed vacancies are not filled up by the candidates in the first merit list, other merit list(s) will be published from the waiting candidates for admission, who will have to follow the same procedure for admission.

• Possession of any incriminating document related to the course of examination.

• Copying/ attempt to copy/ taking help from any incriminating document.

• Insertion of any page in the answer script written outside of the examination hall.

• Writing anything on any part of body/ clothes of the student concerned/ chair, table, desk, bench, wall etc.

• Having the answers written on the answer script by other.

• Exchanging of the answer scripts or any part of it or additional answer sheet with other examinee(s).

• Carrying a cell phone/ non-essential electronic device(s).

• Misbehaving with invigilator(s) and/ or other examinees.

**Penalty for Committing Offences Related to the Examination:** Penalty will be imposed for the offences during examinations are to be classified as the following types in order of severity:

a) Attempt to communicate with other examinee or examinees: Issuing warning and/or changing of seats and or deduction of marks or expulsion from the examination hall.

b) Possession of unauthorized document(s), and/or any unauthorized device(s): cancellation of the answer script of that particular examination and he/she will get 'F' grade in that examination.

c) Possession of unauthorized document(s), and/or any unauthorized device(s), and being caught while attempting to use them: He/she will be expelled from that examination and will get 'F' grade in that examination. He /she will not be allowed to appear in the examination of the remaining courses. Accordingly, he/she will get 'F' grade in the results of the remaining courses. But in case of Referred/ Improvement/ Backlog Examinations, he/she will be expelled from that particular course and will get 'F' in the course.

d) Possession of unauthorized document(s), and/or any unauthorized devices, and being caught with proof that those have been already used: He/ She will be expelled from the entire examination of that term. Accordingly, he/ she will get 'F' grade in the result of all the courses.

e) Attempt to get possession of question paper(s) or answer script(s) before the examination: Expulsion from the University for the semester in which the offence is committed.

f) Use of violent language and holding out threats to the invigilators, question paper setters, examiners and scrutinizers: Cancellation of the enter examination of the student for that semester and expulsion for the university for good.

g) Impersonating or causing to impersonate in the examination hall: Cancellation of the entire examination of the student concerned for that semester and expulsion from the University for Good.

h) Any other activities (which are not mentioned here) deemed to be unfair means in the examination: Chief Invigilator and Chairman CECC will take the decision in consultation with the Vice-Chancellor.

**Rounding off the Decimal Marks**: If there is any decimal marks in any of the examinations like class test, tutorial, term paper, viva voce, course final examination then instead of rounding off the decimal figure in the result of every subject/sessional, it is to be rounded off only once during tabulation while converting the total marks to percentage mark after summation of all the subject/sessional marks.

To round off, 0.5 and above is to be converted to next higher whole number and less than 0.5 is to be converted to previous whole number (For example 58.5% would be 59% and 58.49% would be 58%).

**Rounding off the GPA and CGPA**: The GPA/CGPA is not to be rounded off like the total marks of each subject/sessional, but it is to be rounded off after two figures of decimal. To round of 3.555 and above after two figures of decimal, it is to be rounded off as 3.56 and 3.554 and below after two figures of decimal, it is to be rounded off as 3.55.

**University Gold Medal**

University Gold Medal for outstanding graduates shall be presented to the students who will secure the 1st position in each Department and whose CGPA is above or equal to 3.75. The student must have completed his/ her undergraduate course work within four consecutive academic years with no 'F' grades and have a satisfactory attendance to his credit.

# Part-C

## Description of All the Courses

Course Code: MBA 5101 Course Title: Introduction to Business Credits: 3.00

**Rationale of the Course**: This course provides a detailed concept of Business, Industry, Branches of Commerce, Business Location, and various forms of Business, Business Management, Entrepreneurship, Franchising and Small Business, Business Promotion Institution, Trade Practices in Bangladesh, and Business Combination and Integration.

**Course Content:**

Introduction: Define Business, Why we study business, Industry, Types of Industry and Commerce, Branches of Commerce, Location of Business, Rural vs. Urban Location, Effectiveness of various types of Business Organization in Bangladesh, Institutions for Promotion of Business Support. Trade Practice in Bangladesh,

Business Ownerships: Ownership forms, Sole Proprietorships, Partnerships, Corporations, Trust, Cartel, Co-Operatives, Joint Venture, Multinational Corporations, Holding Companies, State Enterprises, and Factors influencing the forms of ownership.

Financial Market: Money Markets, Capital Markets, Short-Term Financial instruments, Institutions and methods of capital Market operations: Long term Capital Instruments, Intuitions, Stock Market, Securities & Exchange Commission, Capital Market Indices and Agencies.

Competition: Co-Operator and Expansion of Business: Business Liquidation –Merger and combinations, Business House Conglomerates.

International Business: Basic Economy of international Trade, Scope, Concepts & Barriers of International Trade, Multinational Corporations, Terms used in international Trade: Invoice, L/C, Back to back L/C, FOB, COD etc. Clearing & Forwarding, Regional Trade Groups

Institutions for Furtherance of Business, Trade and commerce: Chambers of Commerce & Industry, Federation of Commerce and Industry, Trade Associations, Export Promotion Bureau (EPB), Trading Corporation of Bangladesh (TCB), Board of investment (BOL), Privatization Board (EPB) Secretaries & Exchange Commission (SEC), Dhaka Stock Exchange (DSE), Chittagong Stock Exchange (CSE) and other financial and non-financial institutions.

Organizing the Business: Organizing decisions, Principles of Organizing, Business Action, How to organize a business, IBM'S Restructuring strategy, Ford and Honda Reaching to become "Learning" Organization Structures

Managing Production and Operations: Consumerism and planned obsolescence, Organizing the production process, The forces of globalization, Robotics, Maintaining safety for employees, Products and the Environment, Globalization of environmental pollution.

**Mapping of Course Learning Outcomes (CLOs) with the Program Learning Outcomes (PLOs):**

| | |
|---|---|
| CLO1 | Understand business, different forms of businesses, industries, and services. |
| CLO2 | Describe business ownership and the general methods of financing. |
| CLO3 | Analyze the characteristics of business and its environment. |
| CLO4 | Appraise global awareness for appropriate international trade decisions. |
| CLO5 | Formulate government policies regulating business and various institutions for furtherance of trade and commerce. |

| | PLO1 | PLO2 | PLO3 | PLO4 | PLO5 | PLO6 |
|---|---|---|---|---|---|---|
| CLO1 | 3 | | | | | |
| CLO2 | | | | | | |
| CLO3 | | | | | | |
| CLO4 | | | | | | |
| CLO5 | | 3 | | | 3 | |

Mapping Course Learning Outcomes (CLOs) with the Teaching-Learning & Assessment Strategy:

| CLOs | Teaching-Learning Strategy | Assessment Strategy |
|---|---|---|
| CLO1 | Lecture, Open Discussion | Test |
| CLO2 | Lecture, Group work | Test/Class Participation |
| CLO3 | Lecture, Viva-Voce | Test/Assignment |
| CLO4 | Lecture, Consultations | Test |
| CLO5 | Lecture, Analysis of academic texts, cases, and examples | Test |

Course Code: MBA 5102 Course Title: Principles of Accounting Credits: 3.00

**Rationale of the Course:**

The course is designed to enable the students to prepare and understand financial statements of service, merchandising and other organizations. Financial statements are tools to understand the financial position and performance of an organization and to make decisions about the organization.

This course includes introduction to basic accounting principles, accounting equation, fundamentals of double entry systems, journal, ledger, trial balance, adjustment and closing entries. Preparation of financial statements of service and merchandising enterprise is covered. Techniques of understanding and analyzing financial statements are introduced. Course Content:

Introduction to Financial Accounting: Background of Accounting Development, Definition, Purpose and Nature of Accounting Information, The Work of Accountants, Branches of Accounting, The Need for Accounting Concepts and Principles, Professional Associations and Accounting Principles, Generally Accepted Accounting Principles (GAAP), Capital and Revenue Receipts & Expenditures, Introduction to International Accounting Standards (IASs) and International Financial Reporting Standards (IFRS) issued by International Accounting Standards Boards (IASB).

Accounting Mechanism: Depreciation-Meaning, Causes and Needs Methods of Depreciation – Fixed Installment Method and Diminishing Balance Method Provisions and Reserves Trial Balance, Rectification of Errors Meaning, Definition and Uses of Stock in a Business Valuation of Stock: LIFO, FIFO and Weighted Average Method.

Recording Process in Financial Position: Role of Accounting Records, Debit and Credit, the Principles of Double Entry, Journal, Ledger, Coding and Chart of Accounts, Posting in the Ledger Accounts, Trial Balance, Proof Offered by Trial Balance, Limitations of Trial Balance, Locating Errors, Adjusting Entries, Closing Entries for Revenue and Expense Accounts, Opening Entries, Rectification of the Errors before and after preparation of Trial Balance.

Work Sheet and the Preparation of Financial Statements: Use of Work Sheet, Preparation of Work Sheet, Preparation of Financial Statements, Multiple-step Statement, Single-step Statement, Horizontal and Vertical Arrangement, The Accounting Cycle, Reversing Entries with special referee to Presentations of Financial Statements.

Bank Reconciliation Statement: Meaning, Need, Specific Steps in Preparing a Bank Reconciliation Statement: Different methods, Reconciliation of the Bank Balance to the Book Balance; Reconciliation of Bank and Book Balances to a Corrected Balance and Four Column Reconciliation.

**Mapping of Course Learning Outcomes (CLOs) with the Program Learning Outcomes (PLOs):**

| | |
|---|---|
| CLO1 | Define and Understand the accounting principles and recording of business transactions in Journal. |
| CLO2 | Apply the various methods of charging depreciation and valuation of stock |
| CLO3 | Prepare trial balance and evaluate the different errors in trial balance. |
| CLO4 | Prepare and analyze the financial statements of a business with adjustment entries. |
| CLO5 | Prepare and analyze the bank reconciliation statement, bills of exchange, and consignment accounts |

| | PLO1 | PLO2 | PLO3 | PLO4 | PLO5 | PLO6 |
|---|---|---|---|---|---|---|
| CLO1 | 2 | | | | | |
| CLO2 | | | | | | |
| CLO3 | | | | 3 | | |
| CLO4 | | | | | | |
| CLO5 | | | | | | |

**Mapping Course Learning Outcomes (CLOs) with the Teaching-Learning & Assessment Strategy**:

| CLOs | Teaching-Learning Strategy | Assessment Strategy |
|---|---|---|
| CLO1 | Lecture, Open Discussion | Test |
| CLO2 | Lecture, Group work | Test/Class Participation |
| CLO3 | Lecture, Open Discussion | Test |
| CLO4 | Lecture, Group work | Test/Class Participation |
| CLO5 | Viva-Voce, Lecture, Analysis of academic texts, cases, and examples | Test/Assignment |

Course Code: MBA 5103 Course Title: Principles of Management Credits: 3.00

**Rationale of the Course:**

Broad awareness and understanding of the principles, concepts, theories and techniques of modern management in the contemporary environment is very important to be an effective business leader and executive. This course will let the students know about the issues of scientific management theory in the field of business and will enable them to lead an organization efficiently.

**Course Content:**

Introduction: Definition and importance of Management; Functions, Principles, and Levels of Management; Role & skills of Managers; Outcomes of Management; Management as art or science; Scientific Management; Social Responsibility of Management

Planning: Meaning of planning; Nature of planning; Need for planning; Steps in Planning; Planning premises; Types of plan; Elements of planning; Limitations of planning; Principles of Planning.

Goal Setting: Define goal, goal setting process, types of goals, Who set goals

Staffing: Importance and need of proper staffing, Manpower planning, Job analysis, Recruitment, Selection, Placement, Induction (Orientation).

Performance Appraisal: Introduction, Meaning of performance appraisal, purpose and criteria of performance appraisal and its different methods.

Organizing: Its meaning & purposes; Types of organization; Organizational structure; Elements of Organizational structure; Division of work; Departmentalization, Span of control; Delegation of authority, and Committee

Decision Making: Definition of decision making; Types of decisions; Decision making conditions; Decision making process; Decision making styles; and Guidelines for effective Decision making. Leading: Definition and importance; Characteristics of effective leaders; Leader Vs. Manager; Leadership styles; Theory X and Theory Y

Motivating: Definition and importance of motivation in the workplace; Motivation Process; Reasons of motivation; Theories of motivation.

Controlling: Definition and importance of controlling; Types of control; Steps in control process; Control Standard; Budgetary and Feed forward control.

Organizational Conflict: Levels of Organizational conflict, Stages of conflict, Causes of conflict, its prevention and resolution.

**Mapping of Course Learning Outcomes (CLOs) with the Program Learning Outcomes (PLOs):**

| | |
|---|---|
| CLO1 | Gain insight about various management styles and apply them in real business conditions. |
| CLO2 | Understand the process of staffing, performance appraisal and training |
| CLO3 | Analyze and evaluate the various issues and challenges arises due to organizational conflict |
| CLO4 | Evaluate and execute the best management practices in the organization. |
| CLO5 | Determine and construct various controlling measures to solve various problems. |

| | PLO1 | PLO2 | PLO3 | PLO4 | PLO5 | PLO6 |
|---|---|---|---|---|---|---|
| CLO1 | | | | | | |
| CLO2 | 3 | | | | | |
| CLO3 | | | | | | |
| CLO4 | | | | | | 3 |
| CLO5 | | | | | | |

**Mapping Course Learning Outcomes (CLOs) with the Teaching-Learning & Assessment Strategy:**

| CLOs | Teaching-Learning Strategy | Assessment Strategy |
|---|---|---|
| CLO1 | Lecture, Analysis of academic texts, cases | Test/Assignment |
| CLO2 | Lecture, Group work | Test/Class Participation |
| CLO3 | Lecture, Viva-Voce, Individual work | Test/Assignment |
| CLO4 | Lecture, Consultations, Individual work, Viva-Voce | Test/Presentation |
| CLO5 | Lecture, cases | Test |

Course Code: MBA 5104 Course Title: Principles of Marketing Credits: 3.00

**Rationale of the Course:**

Principles of Marketing is a course that examines the role and importance of marketing in the firm and other organizations. We will cover topics such as marketing plans/strategies, marketing research, market segmentation, retailing, advertising, pricing, Internet marketing, etc. You will find the course interesting and informative. Keep on top of the work.

**Course Content:**

Introduction to Marketing: Definition of marketing, the marketing process, Understanding the marketplace and customer needs, designing a customer driven marketing strategy, preparing an integrated marketing plan and program, Building customer relationships, Capturing value from customers. Company and Marketing Strategy: Companywide strategic planning (Defining a market-oriented mission, setting objectives and goals, designing the business portfolio), Marketing strategic and marketing mix. Introduction to Marketing: Definition of marketing, the marketing process, Understanding the marketplace and customer needs, designing a customer driven marketing strategy, preparing an integrated marketing plan and program, Building customer relationships, Capturing value from customers. Company and Marketing Strategy: Companywide strategic planning (Defining a market-oriented mission, setting objectives and goals, designing the business portfolio), Marketing strategic and marketing mix. Customer-Driven Marketing Strategy: Creating Value for Target Customers: Market segmentation, segmenting Consumer and business market, Requirements for effective segmentation, Market targeting, evaluating marketing segments, selecting target market segments, Positioning, choosing a positioning strategy, Communicating and delivering the chosen position. Products, Services, and Brands: Building Customer Value, What Is a Product? Product and Service Decisions, Services Marketing, Branding Strategy: Building Strong Brands. New Product Development and Product Life-Cycle Strategies: New-Product Development Strategy, The New-Product Development Process, Managing New-Product Development, Product Life-Cycle Strategies, Additional Product and Service Considerations. Pricing Strategies: New-Product Pricing Strategies, Product Mix Pricing Strategies, Price Adjustment Strategies, Price Changes, Public Policy and Marketing. Marketing Channels: Delivering Customer Value: Supply Chains and the Value Delivery Network, The Nature and Importance of Marketing Channels, Channel Behavior and Organization, Channel Design Decisions, Channel Management Decisions, Public Policy and Distribution Decisions, Marketing Logistics and Supply Chain Management. Communicating Customer Value: Integrated Marketing Communications Strategy: The Promotion Mix, Integrated Marketing Communications, A View of the Communication Process, Steps in Developing Effective Marketing Communication, Setting the Total Promotion Budget and Mix, Socially Responsible Marketing Communication.

**Mapping of Course Learning Outcomes (CLOs) with the Program Learning Outcomes (PLOs):**

| | |
|---|---|
| CLO1 | Define marketing and the marketing process. |
| CLO2 | Understand the marketing environment and consumers to provide better solutions to their problems. |
| CLO3 | Apply a customer-driven marketing strategy. |
| CLO4 | Analyze how to create value with product and pricing decisions. |
| CLO5 | Formulate a plan to communicate and deliver value to the customers. |

| CLO5 | Lecture, Analysis of academic texts, cases, and examples | Test |

Course Code: MBA 5105 Course Title: Principles of Finance Credits: 3.00

**Rationale of the Course:**

This course provides basic principles involved in the process of making financial decisions. Topics include the time value of money, ratio analysis of financial statements, leverage, cash flow and working capital and the relationship of risk to return.

**Course Content:**

Investment Decisions- Nature of Investment Decisions, Investment Evaluation Criteria-Traditional Approach – Payback Period, Accounting Rate of Return (ROR), Modern Approach – Net Present Value (NPV), Internal Rate of Return (IRR), Profitability Index (PI) and Capital Rationing

Cost of Capital: Significance of Cost of Capital, Calculation of Cost of Equity, Preference Shares, Debentures and Retained Earnings and Weighted Average Cost of Capital (WACC)

Short-Term Financing: Sources of Short-term Financing, Accruals, Trade Credit

(Accounts Payable) Short-term Bank Loans, Marketable Securities, Accounts

Receivable Financing, Factoring, Inventory Financing.

Long-term Financing (Equity): Common Shares, Balance Sheet Accounts and Definitions, Legal Rights and Privileges of Common Shareholders, Evaluation as a Source of Funds, Common Stock, Retained Earnings, The Market for Common Shares, Types of Preference Shares, Evaluation of Preferred Shares as a Source of Fund, IPO and the Investments Banking Process in Bangladesh.

Long-term Financing (Debt): Traditional Debt Instruments, Evaluation of Long-term Debt as a Source of Fund, the Equity vs. Debt Finance, Corporate Financing in Bangladesh.

Leasing: Its nature, Types of Leasing, Purchase vs. Leasing, Lease Financing in Bangladesh, NBFIs.

Dividend Decision: Concept of Retained Earnings and Plough Back of Profits, Relevance and Irrelevance Theories of Dividend Decision: Walter's Model, Gordon's Model and Modigliani Miller Model; Factors Affecting Dividend Decision.

Working Capital Management: Concept of working capital, components of working capital, working capital cycle, factors affecting working capital requirement, management of working capital, financing of working capital, approaches in working capital financing.

**Mapping of Course Learning Outcomes (CLOs) with the Program Learning Outcomes (PLOs):**

| | |
|---|---|
| CLO1 | Understand the concept of maximization of shareholders wealth by applying financial techniques |
| CLO2 | Application of evaluation criteria like Payback period, NPV, IRR, PI etc. in decision-making. |

| | |
|---|---|
| CLO3 | Analyze risk return characteristics of different alternative capital structures through leverage and EBIT-EPS Analysis. |
| CLO4 | Evaluation and selection of dividend decisions that maximizes shareholders wealth. |
| CLO5 | Examine and formulate tradeoffs between Liquidity and profitability for optimum utilization of fixed assets. |

| | PLO1 | PLO2 | PLO3 | PLO4 | PLO5 | PLO6 |
|---|---|---|---|---|---|---|
| CLO1 | | | | | | |
| CLO2 | | | | | | |
| CLO3 | | | 3 | | | |
| CLO4 | | | | | | |
| CLO5 | 2 | | | | | |

**Mapping Course Learning Outcomes (CLOs) with the Teaching-Learning & Assessment Strategy**:

| CLOs | Teaching-Learning Strategy | Assessment Strategy |
|---|---|---|
| CLO1 | Lecture, Open Discussion | Test |
| CLO2 | Lecture, Group work | Test/Class Participation |
| CLO3 | Lecture, Viva-Voce | Test/Assignment |
| CLO4 | Lecture, Consultations | Test |
| CLO5 | Lecture, Analysis of academic texts, cases, and examples | Test |

Course Code: BBA 5106 Course Title: Fundamentals of Management Information System Credits: 3.00

**Rationale of the Course**:

This course provides students with an understanding of how to use and manage information systems in order to revitalize business processes, improve business decision-making, and gain a competitive advantage.

**Course Content**:

Information Systems in Global Business Today: How Information Systems are Transforming Business ,What's New in Management Information Systems, Globalization Challenges and Opportunities: A Flattened World, The Emerging Digital Firm , Strategic Business Objectives of Information Systems, Perspectives on Information Systems ,What Is an Information System? Dimensions of Information Systems, A Business Perspective on Information Systems, Contemporary Approaches to Information Systems, Technical Approach, Behavioral Approach.

Global E-Business and Collaboration: Business Processes and Information Systems Business Processes ,How Information Technology Improves Business Processes ,Types of Information Systems ,Systems for Different Management Groups, Systems for Linking the Enterprise, E-Business, E-Commerce, and E-Government, Systems for Collaboration and Social Business, Building a Collaborative Culture and

Business Processes , Tools and Technologies for Collaboration and Social Business, The Information Systems Function in Business, The Information Systems Department, Organizing the Information Systems Function.

Information Systems, Organizations, and Strategy: Organizations and Information Systems, How Information Systems Impact Organizations and Business Firms, Economic Impacts ,Organizational and Behavioral Impacts ,The Internet and Organizations ,Implications for the Design and Understanding of Information Systems, Using Information Systems to Achieve Competitive Advantage ,Porter's Competitive Forces Model, Information System Strategies for Dealing with Competitive Forces ,The Internet's Impact on Competitive Advantage, The Business Value Chain Model, Synergies, Core Competencies, and Network-Based Strategies, Using Systems for Competitive Advantage: Management Issues, Sustaining Competitive Advantage, Aligning IT with Business Objectives, Managing Strategic Transitions.

IT Infrastructure and Emerging Technologies: Defining IT Infrastructure, Evolution of IT Infrastructure, Technology Drivers of Computer Hardware Platforms ,Operating System Platforms ,Enterprise Software Applications Data Management and Storage, Networking/Telecommunications Platforms ,Internet Platforms ,Consulting and System Integration Services.

Foundations of Business Intelligence: Databases and Information Management: Organizing Data in a Traditional File Environment, File Organization Terms and Concepts, Problems with the Traditional, File Environment, The Database Approach to Data Management Database Management Systems, Capabilities of Database Management Systems, Designing Databases, Using Databases to Improve Business Performance and Decision Making.

Achieving Operational Excellence and Customer Intimacy: Enterprise Applications: Enterprise System, What Are Enterprise Systems, Enterprise Software, Business Value of Enterprise Systems ,Supply Chain Management Systems The Supply Chain, Information Systems and Supply Chain Management, Supply Chain Management Software Supply Chains and the Internet, Business Value of Supply Chain Management Systems, Customer Relationship Management Systems What Is Customer Relationship Management? Customer Relationship Management Software, Operational and Analytical CRM, Business Value of Customer Relationship Management Systems.

Managing Knowledge: The Knowledge Management Landscape, Important Dimensions of Knowledge ,The Knowledge Management Value Chain ,Types of Knowledge Management Systems, Enterprise-Wide Knowledge Management Systems ,Enterprise Content Management Systems ,Knowledge Network Systems, Collaboration And Social Tools and Learning Management Systems.

E-Commerce: Digital Markets, Digital Goods: Commerce and the Internet, Key Concepts in Ecommerce: Digital Markets and Digital Goods in a Global Marketplace, E-commerce: Business and Technology ,Types of E-Commerce ,E-Commerce Business Models ,E-Commerce Revenue Models , Social Networking and The Wisdom of Crowds ,E-Commerce Marketing, B2B E-commerce: New Efficiencies and Relationships, The Mobile Digital Platform and Mobile E-commerce.

Securing Information Systems: System Vulnerability and Abuse, Why Systems Are Vulnerable, Malicious Software: Viruses, Worms, Trojan Horses, and Spyware, Hackers and Computer Crime

,Internal Threats: Employees Software Vulnerability, Business Value of Security and Control, Legal and Regulatory Requirements for Electronic Records Management, Electronic Evidence and Computer Forensics ,Establishing a Framework for Security and Control ,Information Systems Controls.

**Mapping of Course Learning Outcomes (CLOs) with the Program Learning Outcomes (PLOs):**

| | |
|---|---|
| CLO1 | Understand IT infrastructure and emerging information systems and technologies in global business today |
| CLO2 | Enable students to understand the use of information systems to gain a competitive advantage with the management of information as an organizational resource. |
| CLO3 | Identify the role of IT in the acquisition, production, and distribution of goods and services. |
| CLO4 | Understand Foundations of Business Intelligence: Databases and Information Management |
| CLO5 | Provide students with tools and techniques of securing information systems. |

| CLO5 | Lecture, cases | Test |

| Course Code: MBA 5107 | Course Title: | Computer Application in Business | Credits: 3.00 |
|---|---|---|---|

**Rationale of the Course:**

The Computer Fundamental course is designed to introduce the fundamental concepts and mechanisms of computer hardware and software. It helps to identify which hardware is used and which software is commonly used. This sessional course begins with practicing introductory concepts of computers and then covers other important topics such as Microsoft Word, Microsoft Excel, Microsoft PowerPoint, Paint, and Basic web technologies.

**Course Content:**

Introduction to Studying Computers, History, and development of Computers, Generation of Computers, Types of Computers, Impact of Computers on Society. Number Systems: Radix, Bases of number systems, converting different type of number systems. Computer Hardware and Peripherals: Basic Units of Computer Hardware, Keyboard, Mouse and Different types of Monitors, Different parts of the system unit, a Block diagram of computer organization. Memory: Primary and secondary memory/volatile vs. non-volatile memory, Functions of RAM, ROM, and Cache memory.

Software: Classifications, Application software, System software, Operating system concepts and importance, components and basic functions of DOS, Windows.

Lab: Application software, MS-OFFICE: MS-Word, MS Excel, MS PowerPoint, etc., and Utility programs, Computer Virus. Applications: Computer networks and their goals, Basic concept on LAN, MAN, WAN and Internet systems, Internet services, E-mail, www, E-Commerce, IT concepts, its applications and Information processing cycle.

Mapping of Course Learning Outcomes (CLOs) with the Program Learning Outcomes (PLOs):

| | |
|---|---|
| CLO1 | Understand the basic working principle of computer components and their organization inside a working computer. |
| CLO2 | Using knowledge of computer components to identify and solve computer issues. |
| CLO3 | Prepare article, presentation, and present on the topics of the computer. |

| | PLO1 | PLO2 | PLO3 | PLO4 | PLO5 | PLO6 |

| CLO2 | Lecture, Tutorials, Discussion | Test/Class Participation |
| CLO3 | Lecture, Tutorials, Group Work | Test/Assignment/Presentation |

Course Code: MBA 5108 Course Title: Microeconomics Credits: 3.00

**Rationale of the Course:**

This course provides a prologue to the concept of microeconomics, like – Understand the fundamentals of microeconomics, learn about different economic systems and the basic problems of economics in order to solve them. Apply the concept of demand and supply in managerial decision making, Analyze the consumer behavior to make large sales revenue, Decide about the cost items in the firm for minimizing production cost. After pursuing this course student will be able to understand the basic microeconomics principles and their applications. It informs how economy performs and expands its scope in different level according to the demand of society.

**Course Content:**

Introduction: Meaning of Economics, Positive vs. Normative Economics, Tools of Economic Analysis, Nature of Economic Theories, Scope and Subject Matter of Economics, Economic Analysis and Economic Policy. The central Problems of Economic Society: How the Economic problems are solved under Alternative Economic systems, Market Economics, Socialist Economics- Mixed Economic- Islamic Economic System- The price System- Value and price. Theory of Demand and Supply: The demand function, Determinants of Demand for a commodity Market, Demand curve- Shift vs Movement in the Demand Curve, Supply function, Determinants of supply, Shift vs Movement in the supply curve, Competitive Market Equilibrium, Demand and supply and its Implication. Elasticity of Demand and Supply : Price Elasticity of Demand- Point Elasticity of Demand- Income Elasticity of Demand- Cross Elasticity of Demand, Total Revenue, Marginal Revenue, Relationship between Marginal Revenue. Price & Elasticity of Demand, Elasticity of Supply, Concepts, Application in Business. The Theory of Consumer Behavior: Utility Analysis- Cardinal vs Ordinal utility- Cardinality A approach- Marginal utility and Law of Diminishing Marginal Utility, Equilibrium, Ordinalist Approach- Indifference Curve & its properties - Budget line- consumer Equilibrium- Effects of Price and Income Change on consumer Equilibrium, classifying Normal goods, Inferior Goods and Superior Goods- Income Effect and Substitution Effect. Theory of cost: Short run cost: Fixed cost- Variable cost, total cost- Marginal cost- Law of variable proportions- Long Run cost- Derivation of long run cost- Cost from short run cost. Concept of a Market and Different Types of Market: Market Structure, Competitive and Non,

Competitive Market, Perfect Competition vs Imperfect Competition, Pricing under Perfect Competition, Pricing under Monopoly.

**Mapping of Course Learning Outcomes (CLOs) with the Program Learning Outcomes (PLOs):**

| | |
|---|---|
| CLO1 | Understand the fundamentals of microeconomics |
| CLO2 | Learn about different economic systems and the basic problems of economics in order to solve them. |
| CLO3 | Apply the concept of demand and supply in managerial decision making |
| CLO4 | Analyze the consumer behavior to make large sales revenue. |
| CLO5 | Decide about the cost items in the firm for minimizing production cost. |

Course Code: MBA 5109 Course Title: Business Communication Credits: 3.00

**Rationale of the Course:**

The rationale of this course is to enhance students' knowledge and skills as a communicator for business purposes and provide students with practice in professional writing and presentation.

**Course Content:**

Introduction to Communication-Nature, Scope, Principles of communication; Business and Social Communication; Barriers to Communication. Different Methods of Communication: Verbal, Non-Verbal and Electronic Communication. Different Perspective of Communication: Down ward, Upward, Horizontal, Diagonal, External, Internal, Formal, Informal/Grapevine, Intrapersonal, Interpersonal, Personal, Organizational, Group and Public Communication. The Communication Process – Essential elements, One- way versus Two-way Communication, Different Models of the Communication process.

Communication Networks- Types, Selection of Networks. Organizational Communication: Intra and Inter Organizational communication. Tools of Internal Communication- Memorandums, Office Orders, circulars: Inter-Organizational Communication- Business & Job letters. Writing an Application Letter, Preparing a CV/ Resume. Mass Communication –Importance, Media of Mass Communication, Mass Communication in the Business Enterprise of Bangladesh. Meeting – Types of Meetings, Writing Notice, Agenda and Minutes, Convening and Conducting Meetings, Points of Information, Points of Order, Motions. Report Writing: Informal and analytical Reports – Planning Business reports, Preparatory steps of Writing Reports, Writing the Final Reports, Documenting Reports. Business English: Fundamentals of Grammar, Composition, Translation and Comprehension.

**Mapping of Course Learning Outcomes (CLOs) with the Program Learning Outcomes (PLOs):**

| | |
|---|---|
| CLO1 | Understand the basic concepts of communication and help them to transform their communication abilities. |
| CLO2 | Acquire necessary skills of business etiquettes for handling day to-day managerial responsibilities and evaluate the facilitators of business communication |
| CLO3 | Choose their body language more correctly and impressively in accordance with an organizational requirement and international standards |
| CLO4 | Analyze the forms of Communication and make the students to understand the verbal and non-verbal Communication and to design impressive documents. |
| CLO5 | Illustrate the correct practices of the strategies of Effective business writing |

| CLO3 | Lecture, Viva-Voce | Test/Assignment |
| CLO4 | Lecture, Consultations | Test |
| CLO5 | Lecture, Analysis of academic texts, cases, and examples | Test |

Course Code: MBA 5110 Course Title: Business Mathematics Credits: 3.00

**Rationale of the Course:**

The rationale of this course is to enhance students' knowledge in Theory of Sets, Set Operation and its Application to Business Problem, Function, Equation idea of Function, Co-ordinate Geometry, Matrices, Determinants, Differentiation, Conditions for profit and Output Maximization and cost Minimization, Integration.

**Course Content:**

Definition, Finite Sets, Null Set, Equal and Equivalent Set, Subset, Power Set, Union and Intersection of Sets, Universal Set, Complement and Difference of Sets, Set Operation and its Application to Business Problems, Definition of Matrix and determinant and their Properties, Addition and Multiplication of Matrices, Inverse of Matrix, Solution of Simultaneous Equations, Rectangular Co-ordinate System, Distance between two points, Gradient, Equations of Straight lines, Slope intercept from, Two points form, Parallel and Perpendicular Lines Equation and Graphical Representation of Circle, Parabola and Hyperbola, Definition of function, Types of function and Exercise based on different functions, Graphical representation of function and Introduction to the equation, Discussion about different types of equations and their solutions, Introduction of differentiation and its basic rules of differentiation, Application of differentiation in business related problems, Introduction of integration and its basic rules of integration, Method of substitution, Integration by parts and idea of definite application.

**Mapping of Course Learning Outcomes (CLOs) with the Program Learning Outcomes (PLOs):**

| | |
|---|---|
| CLO1 | Demonstrate actual knowledge including the mathematical notation and terminology used in this course. |
| CLO2 | Describe the fundamental principles arising from the mathematical ideas associated to business applications. |
| CLO3 | Recall, Understand and Evaluating the matrix and determinate. |
| CLO4 | Solve problems regarding permutation counting, apply permutations and combinations to business problems. |
| CLO5 | Describe the concept of Arithmetic and Geometric progression. |

| | PLO1 | PLO2 | PLO3 | PLO4 | PLO5 | PLO6 |
|---|---|---|---|---|---|---|
| CLO1 | 3 | | | 2 | 3 | |
| CLO2 | 3 | | | 2 | 2 | 3 |
| CLO3 | 3 | 1 | | | | |
| CLO4 | | 3 | 2 | | 2 | 2 |
| CLO5 | | 3 | 3 | | 2 | 2 |

**Mapping Course Learning Outcomes (CLOs) with the Teaching-Learning & Assessment Strategy:**

| CLOs | Teaching-Learning Strategy | Assessment Strategy |
|---|---|---|
| CLO1 | Lecture, Open Discussion | Test |
| CLO2 | Lecture | Test/Class Participation |
| CLO3 | Lecture | Test/Assignment |
| CLO4 | Lecture, Consultations | Test |
| CLO5 | Lecture, Analysis of academic texts, cases, and examples | Test |

Course Code: MBA 5111 Course Title: Bangladesh Studies Credits: 3.00

**Rationale of the Course:**

The course intends to equip students with factual knowledge and analytical skills that will enable them to learn and critically appreciate history, politics, and economy of Bangladesh. It will trace the historical root of Bangladesh as an independent state focusing on the social, economic and political developments that have taken place since its independence. It will also identify the major socio-economic, political and developmental issues that have arisen during this period, before assessing the progress over time.

**Course Content:**

Culture and Heritage of Bangladesh: Culture, National Culture, Characteristics of culture, Model of Culture, Level of culture, Elements of culture, Heritage, Importance of studying National culture & Heritage for business students, Language, Religion, Festival, Dress, Profession. From Pakistan to Bangladesh (1947-1971): Problems facing the new nation of Pakistan, Problems of national integration between East and West Pakistan, Political mobilization and events leading to independence, Prescriptive. Government of Bangladesh: Constitution, The Constitution of Bangladesh, Features of Constitution of Bangladesh-1972, Present Amended Constitution of Bangladesh, Fundamental principles of state administration, The President, The Prime Minister, The Legislature of Bangladesh, The Judiciary System

of Bangladesh. Introduction to Bangladesh Economy: Economic activities, The economic activities of the people of Bangladesh, Different economic system, Basic economic problems of Bangladesh, Solution of economic problems of Bangladesh. Industry of Bangladesh: The need for industrialization in Bangladesh, Inter-dependence of agriculture and industry, the dependence of industry upon agriculture, the dependence of agriculture upon industry, Characteristics of industry in Bangladesh, Causes of industrial backwardness in Bangladesh. Economic Planning in Bangladesh: Economic planning, Necessities of economic planning in Bangladesh economy, Types of economic plan, Economic planning in Bangladesh: First Five Years Plan, Two Years Plan, Second Five Years Plan, Third Five Years Plan, Three Years Rolling Investment Programme, Fifth Five Years Plan, Different Plans at a Glance, Vision-2021. Population policy, Population of Bangladesh, causes of high rate of population increase in Bangladesh, Density of population.

**Mapping of Course Learning Outcomes (CLOs) with the Program Learning Outcomes (PLOs):**

| | |
|---|---|
| CLO1 | Understand the culture, manners, customs and likings of the Bangladeshi consumers. |
| CLO2 | Appraise the evolution of Bangladesh in this part of the world since 1971. |
| CLO3 | Acquire knowledge regarding constitution, business laws and policies identified by the Government of Bangladesh. |
| CLO4 | Analyze the industry, economic trend of Bangladesh |
| CLO5 | Apply the knowledge of economic planning, population policy in the field of business. |

| | PLO1 | PLO2 | PLO3 | PLO4 | PLO5 | PLO6 |
|---|---|---|---|---|---|---|
| CLO1 | 2 | 2 | 3 | | 3 | 3 |
| CLO2 | 2 | 2 | 2 | | 2 | 2 |
| CLO3 | 2 | 1 | 2 | | 2 | |
| CLO4 | 1 | 3 | 3 | 1 | 2 | 3 |
| CLO5 | 2 | 3 | 3 | | 2 | |

**Mapping Course Learning Outcomes (CLOs) with the Teaching-Learning & Assessment Strategy:**

| CLOs | Teaching-Learning Strategy | Assessment Strategy |
|---|---|---|
| CLO1 | Lecture, Open Discussion | Test |
| CLO2 | Lecture, Group work | Test/Class Participation |
| CLO3 | Lecture, Viva-Voce | Test/Assignment |
| CLO4 | Lecture, Consultations | Test |
| CLO5 | Lecture, Analysis of academic texts, cases, and examples | Test |

Course Code: MBA 5112 Course Title: Business Statistics Credits: 3.00

**Rationale of the Course:**

This course provides a prologue to the concept of Business Statistics, like –Data Collection and Presentation, Measures of Central Tendency, Measures of Dispersion/Variation, Skewness, Moments and Kurtosis, correlation, regression, sampling and various statistical tests. After pursuing this course student will be able to understand the basic Business Statistics and their applications.

**Course Content:**

Introduction: Definition- Concepts- Nature- Scope- Nature of statistical Data- Collection- Classification- Tabulation- Frequency Distribution- Graphical Presentation of Data. Measures of Central Tendency: Introduction- Arithmetic Mean- Geometric Mean- Harmonic Mean- Weighted Arithmetic Mean- Mode- Median- Quartiles- Deciles- Percentiles- Properties of a Good Average- Empirical Relation among the Averages. Measures of Dispersion: Significance of Measuring Dispersion- Properties of a Good Measures of Dispersion- Range- Inter- Quartile Range and quartile Deviation- Mean Deviation- standard Deviation- Co-efficient of variations and their uses. Moments, Skewness and Kurtosis: Moments from Arbitrary Value- Moments from mean- Relation between Moments- Measures of Skewness and its uses- Measures of Kurtosis and its Uses. Correlation Analysis: Significance of the study of correlation and Causation- Types of Correlation- Scatter Diagram Method- Karl Pearson's coefficient of Correlation- Rank Correlation Co-Efficient Multiple correlation- Partial correlation. Regression Analysis: Difference between Correlation and Regression Analysis- Simple regression lines- Regression Equation- Regression Co-efficient.

**Mapping of Course Learning Outcomes (CLOs) with the Program Learning Outcomes (PLOs):**

| | |
|---|---|
| CLO1 | Illustrate classification, tabulation, frequency distribution and graphical presentation of the data. |
| CLO2 | Classify different types of measures of central tendency and demonstrate the uses of different kinds of measures of central tendency in business |
| CLO3 | Demonstrate measure of skewness and kurtosis and their uses in business |
| CLO4 | Explain correlation measures- Scatter Diagram Method- Karl Pearson's coefficient of Correlation- Rank Correlation Co-efficient Multiple correlation- Partial correlation. |
| CLO5 | Analyze Simple regression lines- Regression Equation- Regression Co-efficient, and their uses in business. |

| | PLO1 | PLO2 | PLO3 | PLO4 | PLO5 | PLO6 |
|---|---|---|---|---|---|---|
| CLO1 | 3 | 2 | 3 | 3 | | |
| CLO2 | 3 | 2 | 2 | 3 | | |
| CLO3 | 3 | 2 | 2 | 3 | | |
| CLO4 | 3 | 2 | 3 | 3 | 2 | |
| CLO5 | 3 | 2 | 3 | 3 | 2 | |

**Mapping Course Learning Outcomes (CLOs) with the Teaching-Learning & Assessment Strategy:**

| CLOs | Teaching-Learning Strategy | Assessment Strategy |
|---|---|---|
| CLO1 | Lecture, Open Discussion | Test |
| CLO2 | Lecture, Group work | Test/Class Participation |
| CLO3 | Lecture, Viva-Voce | Test/Assignment |
| CLO4 | Lecture, Consultations | Test |
| CLO5 | Lecture, Analysis of academic texts, cases, and examples | Test |

Course Code: MBA 5113 Course Title: Legal Environment of Business Credits: 3.00

**Rationale of the Course:**

This course provides basics of business law, contract, termination of contract, agencies, sale of good acts. a prologue to the concept of Law of partnership, Dissolution of Firm, Negotiable instruments, Basics of Industrial Law, Carrying Through Road, Carrying Through Sea, Insolvency, Bangladesh Labor Law

**Course Content:**

Legal Environment of Business: Definition of Law- Functions of Law- Litigation process and alternative dispute resolution.

Law of contract: The Essential Element of Contract – Offer and acceptance – Free consent – Consideration – Void and void able agreements – Capacities of the parties –Remedies for breach of contract.

Laws relating Sale of goods: Essential elements of sale of goods act – Conditions and warranties and implied conditions – Transfer of ownership.

Law of partnership Definition of partnership, nature of Partnership,

The Essential Elements of a Partnership, definition of Partner, Who can be a partner, Who can't be a partner, Co-owner, Partnership and co-ownership, Firm, Firm-name, Partner, Classes of partner, Classes of Partnership

Registration, conduction and dissolution of Firm Registration of partnership firm, the formalities of registration, the time of registration, consequence of non-registration, Rules regarding the conduct of business, dissolution of firms, the grounds of dissolution, the consequences of dissolution,

Negotiable instruments Negotiable instruments, essential features of negotiable instruments promissory note -Essential elements bill of exchange, essential elements of promissory note differences between a promissory note and a bill of exchange.

Carrying Through Road Definition, Classification, Common Carriers, Is the Post-Office a Common Carrier, Characteristics of Common Carriers, Private Carrier, Gracious carrier, Differences between Common Carriers and Private Carriers, Duties of a Common Carrier

Carrying Through Sea The contract of afreightment, definition of Charter-Party, classification of charter party, definition of bill of lading, function of bill of lading, difference between charter party and bill of lading, duties of carrier by sea, documents related to carry on sea: Mate's Receipt, clean bill of lading, thorough bill of lading, deviation, perils of sea, barratry, jettison, salvage, demurrage.

Insolvency: Insolvency, insolvency legislation and its objectives, when one can declared as insolvent, insolvent in accounting and law

Basics of Industrial Law and Bangladesh Labor Law: Industrial law, Objective, The need for an industrial legislation, Classification of Bangladeshi industrial law, various terms in Bangladesh labor law, service rules, safety measures for machine and human,

**Mapping of Course Learning Outcomes (CLOs) with the Program Learning Outcomes (PLOs):**

| | |
|---|---|
| CLO1 | Understand and apply the concepts of Contract Act in business dealings. |
| CLO2 | Comprehend the rule of partnership as per the Partnership Act, analyze the problems of partnership firm and evaluate the method for registration of a partnership firm. |
| CLO3 | Analyze the need of sale of goods act, apply its laws for conduction of smooth business and analyze the legal issues to solve disputes. |
| CLO4 | Asses the correctness of applying specific laws to a specific cases and choosing the most appropriate one |

| | PLO1 | PLO2 | PLO3 | PLO4 | PLO5 | PLO6 | PLO7 |
|---|---|---|---|---|---|---|---|
| CLO1 | 2 | 2 | | | 3 | | 2 |
| CLO2 | 3 | 2 | | | 3 | | 2 |

| | | |
|---|---|---|
| CLO4 | Lecture, Consultations | Test |
| CLO5 | Lecture, Analysis of academic texts, cases, and examples | Test |

Course Code: MBA 5114 Course Title: Labor Law Credits: 3.00

**Rationale of the Course:**

This course provides basics of labor law, contract, and termination of contract, agencies, and sale of good acts. A prologue to the concept of aw of partnership, dissolution of Firm, negotiable instruments, basics of industrial law, carrying through road, carrying through sea, insolvency, Bangladesh labor law.

**Course Content:**

Introduction to labor law, occupational safety and health, law relating to remuneration of workers, law relating to training of workers, law relating to work injury and benefits, emerging issues and trends, employment contract, law relating to trade disputes and safety issues. Definition of labour law Definition of labour law History of labour law working condition Child labour. Define Remuneration How is Remuneration Determine Types of Remuneration Bonuses and incentive. Importance of employee training laim for compensation Meaning of workers training Objectives of training. Right to compensation Accidents during training for or performance of emergency services Compensation for temporary total or partial disable men. Industrial Action Unfair Dismissal.

**Mapping of Course Learning Outcomes (CLOs) with the Program Learning Outcomes (PLOs):**

| | |
|---|---|
| CLO 1 | Describe the working conditions and appointment procedure of employees in the organization. |
| CLO 2 | Know about the financial benefits of workers in an organization. |
| CLO 3 | Describe the relationship of Employers and employees as well as the influence of the International Labor Organization (ILO). |

| | PLO 1 | PLO 2 | PLO 3 | PLO 4 | PLO 5 | PLO 6 |

Course Code: MBA 5115 Course Title: Organizational Behavior Credits: 3.00

**Rationale of the Course:**

This course provides a comprehensive analysis of individual and group behavior in organizations. Its purpose is to provide an understanding of how organizations can be managed more effectively and at the same time enhance the quality of employees work life. Topics include motivation, rewarding behavior, stress, individual and group behavior, conflict, power and politics, leadership, job design, organizational structure, decision-making, communication and organizational change and development.

**Course Content:**

Organizational Behavior: Definition and importance of OB; Goals and Forces of OB; Concepts and Framework in OB, OB and other disciplines; Values & Attitudes: Meaning and importance of values; Types of values; Values for cultural assessment; Values of building Attitudes; Components of attitudes; Types of attitudes; Effects of employee attitudes; Job Satisfaction: Measuring job satisfaction; Factors of job satisfaction; Job satisfaction measurement; Job satisfaction Vs. Performance, Absenteeism, and Turnover; Personality and Perception: Meaning and determinants of Personality; Implication of personality to OB; Factors influencing perception; Application of perception in organization; Frustration: Meaning and importance; OB applications of Frustration; Frustration and Motivation; Group & Team Behaviors: Definition of group & team; Classification of group; Stages of group development; Size of Group; Group influence in individual behavior; Group decision making techniques; Types of team; Ingredients of effective teams; and Team building; Leadership: Attributes of 21st century leader; Leadership Theory: Trait theory, Style theory, and Contingency theory for organizational effectiveness; Motivation: Motivational drives and approaches; Motivational theories for organizational effectiveness; Money as a motivator; Power & Politics: Meaning, Contrasting Leadership and Power bases, Sources of Power, Dependency, Power tactics, Coalitions, Politics: Meaning, factors Contributing to Political Behavior; Organization Culture: Meaning, Functions, Creating and Sustaining Cultures, How employee learn Culture.

**Mapping of Course Learning Outcomes (CLOs) with the Program Learning Outcomes (PLOs):**

| | |
|---|---|
| CLO1 | Analyze individual and group behavior, and understand the implications of organizational behavior on the process of management. |

| | |
|---|---|
| CLO2 | Identify different motivational theories and evaluate motivational Strategy used in a variety of organizational settings. |
| CLO3 | Evaluate the appropriateness of various leadership styles and conflict management strategies used in organizations. |
| CLO4 | Describe and assess the basic design elements of organizational structure and evaluate their impact on employees. |
| CLO5 | explain how organizational change and culture affect working relationships within organizations |

| | PLO1 | PLO2 | PLO3 | PLO4 | PLO5 | PLO6 |

Course Code: MBA 5201 Course Title: Auditing and Taxation Credits: 3.00

**Rationale of the Course:**

This course helps the student to understand what is taxable and deductible under NBR. They will be able to perform simple tax research exercises and complete a moderately complex Bangladesh Individual Income Tax return. They will be aware of audit terminology, have knowledge about audit planning and execution, learn and link between auditing, accounting and financial statement analysis.

**Course Content:**

Audit

Introduction: Definitional Assessment of Auditing; Audit Types; Economic and Social Functions of Auditing; Differentiation between Accounting and Auditing; Assurance Framework; Applications of the

Assurance Function; Structure of Assurance Standards and Pronouncements; the Personal Qualities of an Assurance Provider.

The Elements of Auditing: Auditing Procedures; Evidential Matter and its Relationship to Procedures; Financial Statement Assertions and Audit Objectives; Overview of the Audit Risk Model; Types of Audit Tests; Types of Tests of Control; Types of Substantive Tests; the Function of Working Papers; the Contents and Requirements of Working Papers; Legal Aspects of Working Papers; Mechanics of Working Paper Preparation.

The Conduct of the Audit: Accounting systems; Internal controls; Audit testing; Sampling and analysis review techniques; Working papers; Reports to directors; Errors and frauds.

The Auditors' Report: Auditors' report, qualified reports, Subsequent events (post balance sheet events), Going concern.

Taxation

Introduction to Bangladesh Income Tax: Definition of tax; characteristics, Tax system of Bangladesh; types of tax; objectives of tax; Role of Tax in Economic Development of Bangladesh; Concept of Income; Different Rates of income Tax for different Assesses; Some Significant Issues of Income Tax (Assessment Year vs. Income Year; Different Classes of Assesses; Residential Status of an Assesse; Taxation Implication of Resident or Non-resident).

Administration and Tribunal: Income Tax Authorities; Administrative and Judicial authorities; Appointment, Subordination, Power and Functions; Alternative Dispute Resolution (ADR).

Heads of Income and Classification of Income: Statutory Heads of Income; Heads of Income under Income Tax Returns; Non-assessable Income; Tax-free Income; Unearned and Earned Incomes; Domestic and Foreign Incomes; Regular and Casual Incomes; Income Subject to Regular Tax Rate and Income Subject to Special Tax Rate. Charge of Surcharge.

Computation of Head Wise Income: Computation of Income under Statutory Heads: Salaries, Interest on Securities, Income from House Property, Agricultural Income, Income from Business or Profession, Capital Gains, and Income from Other Sources.

Assessment of Individuals: Definition of Individual; Computation of Total Income of an Individual Assesse; Procedure of Assessment; Assessment Order and Tax Clearance Certificate.

**Mapping of Course Learning Outcomes (CLOs) with the Program Learning Outcomes (PLOs):**

| | |
|---|---|
| CLO1 | Describe and evaluate the accounting and internal control systems and identify and communicate control risks, potential consequences and recommendations there on. |
| CLO2 | Explain and evaluate the sources of evidence, describe the nature, timing and extent of tests on class of transaction and account balances (including sampling and analytical procedures) and design program for audit and review assignments |

| | |
|---|---|
| CLO3 | Define the Tax structure of Bangladesh, Importance of tax for national and economic development and tax provisions for resident and nonresident Bangladeshi. |
| CLO4 | Explain about the income tax authorities, their responsibilities, power and functions. |
| CLO5 | Understand various heads of taxable income of individuals and various organizations including partnership, corporation and non prof, it organizations. |

| | PLO1 | PLO2 | PLO3 | PLO4 | PLO5 | PLO6 |
|---|---|---|---|---|---|---|
| CLO1 | | 3 | | | | |

| CLO2 | Lecture, Group work | Test/Class Participation |
| CLO3 | Lecture, Open Discussion | Test |
| CLO4 | Lecture, Group work | Test/Class Participation |
| CLO5 | Viva-Voce Lecture, Analysis of academic texts, cases, and examples | Test/Assignment |

Course Code: MBA 5202 Course Title: Macroeconomics Credits: 3.00

**Rationale of the Course:**

This course provides a prologue to the concept of Macroeconomics, like – Growth, Unemployment, Inflation, National Income Accounting, Aggregate Demand (AD) and Aggregate Supply (AS): Consumption and Saving Function. It also discussed fiscal and monetary policy, how money function in the economy and globalization. After pursuing this course student will be able to understand the basic Macroeconomics principles and their applications. It informs how economy performs and expands its scope in different level according to the demand of society.

**Course Content:**

Macro-Economic aggregates and concepts: Circular flow of income, National income and related concepts, calculation of National income, National income and social welfare, concept of Human Development Index. Supply of money, demand for money, price level, Inflation and Stagflation. Inflation and its Control: Definition, Characteristics and Types of Inflation, Monetary Policy, Fiscal policy, Problems and Limitations of Monetary Policy in underdeveloped Country. Money: Meaning, The Role and Functions of Money, Kinds of Money, Features of Good Money, Monetary Standard, Value of Money, Determinants of value of Money, Quantity Theory of money, Keynesian VS Classical Approach, Money Market and Capital Market National Income Determination and Employment: Overview of classical and Keynesian analysis, Business cycles, features, causes and remedial Measures, Equilibrium in the Goods and Money markets Policy Environment: Role of state in different economic systems, Theory of economic policy, Monetary policy, objectives and instruments, Fiscal policy, objectives and instruments, , impact on business, concept of inclusive growth, Economic stabilization, Fiscal v/s Monetary policy and Structural policy, Trade policy, Protection v/s Free trade Globalization: Globalization, meaning and effects (gains and problems), role of IMF and World Bank, concept of global recession with contagion effects. World Trade Organization – agreements and implications for Bangladesh, contentious issues, disputes settlement mechanism. Foreign Capital – Need for Foreign capital, role of MNCs, FDI v/s Portfolio investment, causes of rising FDI in Bangladesh.

Mapping of Course Learning Outcomes (CLOs) with the Program Learning Outcomes (PLOs):

| | |
|---|---|
| CLO1 | Understand the functioning of economy at the macro level and apply these concepts |
| CLO2 | Identify the characteristics and types of inflation |
| CLO3 | Describe the role and functions of money |
| CLO4 | Analyze the role of state in different economic systems & distinguish between structural policy and trade policy, |
| CLO5 | Interpret the concept of global recession with contagion effects |

| | PLO1 | PLO2 | PLO3 | PLO4 | PLO5 | PLO6 |
|---|---|---|---|---|---|---|

| CLO5 | Lecture, Analysis of academic texts, cases, and examples | Test |

Course Code: MBA 5203 Course Title: Entrepreneurship Development & SME Management Credits: 3.00

**Rationale of the Course:**

The main objective of this course is to introduce students to the fundamentals of Entrepreneurship Development. The purpose is to create awareness among students and motivate them to choose entrepreneurship as a career. Generating "self-employment'' and developing the spirit of self-reliance among the individuals with special reference to youths & rural masses. Another objective is creating awareness amongst youths of the country having Science & Technological Background to opt entrepreneurship as a career

**Course Content:**

Introduction: Evolution of Entrepreneurship; Myths of Entrepreneurship; Approaches to Entrepreneurship; Definition of Entrepreneur and Entrepreneurship, characteristics; Dark side of Entrepreneurship; Model of Entrepreneurial motivation; Entrepreneur and Entrepreneur; Women Entrepreneurship; High –Tech Entrepreneurship.

Theories of Entrepreneurship: Psychological theories; Socio-psychological theory; Cultural theories; Background Factor s Theories or General theories.

Analysis of business Environment and opportunities: Basic Structure of Environment; Business Environment: political, economic, legal and technical aspects of Environment; Environmental scanning procedure; SOWT analysis; techniques of environmental analysis.

Developing Entrepreneurship: Entrepreneurship Development factors; process of developing Entrepreneurship; Entrepreneurship Development cycle; EDP and need for EDP; Family Business; Business plan; Start-up and buy-ups.

Entrepreneurship and Small Business: Definition of Small business; large Vs Small business; Feature of Small business; Stages of Small business Development; Role of small business; Development Issues-legal Issues.

Small Business plan: Definition, Importance-Uses and Features of business plan; Elements of business plan; Step to develop a business plan; pitfalls to avoid in making business plan.

Progression: Production, Finance and Marketing by small firms: product Development and Renovation; Production flow process; Production Elements; Production control process; Production Plan, Marketing Research, Function, Marketing Mix, Promotional Strategy, Source of finance, equity and debt financing; Problems of financing small business.

Growth and Development of Entrepreneurial Ventures: Strategic planning for emerging venture; Joint venture, Franchising, Licensing, Stages of venture development; key factors during the growth stage, succession and continuity plan, Evaluation of financial performance; Exit Strategy'; Case Studies.

Entrepreneurship and small business development in Bangladesh: Entrepreneur ship development potentials; problems of developing entrepreneurship in Bangladesh; Governmental role and support services in developing small business in Bangladesh; Need for training and development

**Mapping of Course Learning Outcomes (CLOs) with the Program Learning Outcomes (PLOs):**

| | |
|---|---|
| CLO1 | Understand advance knowledge on how to assess business opportunities & threats |
| CLO2 | Gain knowledge about key processes necessary to bring new products and services in the market |
| CLO3 | Generate new ideas of business for the creation of new employment opportunity |
| CLO4 | Engage in a continuing learning process through the interaction with peers in related topics, as individuals and as team members |

| | PLO1 | PLO2 | PLO3 | PLO4 | PLO5 | PLO6 |

| CLO3 | Lecture, Viva-Voce | Test/Assignment |
| CLO4 | Lecture, Consultations | Test |

| Course Code: MBA 5204 | Course Title: | Strategic Management | Credits: 3.00 |
|---|---|---|---|

**Rationale of the Course:**

This course provides a prologue to the concept of Strategic Management, Business Vision and Mission, External Assessment, Internal Assessment, Strategy Analysis and Choice, Strategy implementation, Strategy Review, Evaluation, and Control, Global and Issues, International Issues.

**Course Content:**

The concept of strategy- A Broad Overview- Level of strategy-Strategy of different MNCs', Strategy formulation, Strategy implementation and evaluation activities, Competitive advantage, Core competence, Competitive advantage of organizations Nature of Strategic Management -The strategic Management Process, analysis and intuition in strategic management, benefits of good strategic management. Business Vision and Mission-Nature and role of vision statements in strategic management, nature and role of mission statements in strategic management, process of developing a vision and mission statement, the characteristics of a good mission statement, how clear vision and mission statements can benefit other strategic-management activities; Internal Assessment -Nature and role of an internal assessment, nature and role of marketing, production/operations, finance and accounting, research and development (R&D), management information systems (MIS), Internal Factor Evaluation (IFE) Matrix External Assessment-Nature and purpose of an external assessment, 10 external forces that must be examined in formulating strategies, Porter's Five Forces Model, forecasting tools and techniques, External Factor Evaluation (EFE) Matrix. Strategy Analysis and Choice-Strategy analysis and choice process, three-stage strategy-formulation analytical framework, SWOT Matrix, Strategic Position and Action Evaluation (SPACE) Matrix, BCG Matrix, Internal-External (IE) Matrix, Grand Matrix, Quantitative Strategic Planning Matrix (QSPM), important political considerations in strategy analysis and choice Strategy Review, Evaluation, and Control-Strategy-evaluation process, criteria, and methods used, activities that comprise strategy evaluation, develop a Balanced Scorecard, nature and role of contingency planning in strategy evaluation, six characteristics of an effective strategy evaluation system, International Issues-Business culture found in Mexico, Japan, China, and India; explain why this is a strategic issue. Business climate in Africa, China, Indonesia, India, Japan, Mexico, and Vietnam; explain why this is a strategic issue.

**Mapping of Course Learning Outcomes (CLOs) with the Program Learning Outcomes (PLOs):**

| | |
|---|---|
| CLO1 | Identify the forces impacting on corporate and business strategies |
| CLO2 | Be critically aware of factors involved in strategy making |
| CLO3 | Assess the resources and constraints for strategy making in a business context |
| CLO4 | Explain the importance of social, cultural, economic, technological and political forces |

Course Code: MBA 5207 Course Title: বাঙালির সাহিত্য ও সংস্কৃতি Credits: 3.00

**Rationale of the Course:**

বাংলা ভাষা ও সাহিত্য সম্পর্কে মৌলিক ধারণা প্রদান করার উদ্দেশ্যে কোর্সটি সিলেবাসের অন্তর্ভুক্ত হয়। প্রাচীনকাল থেকে আধুনিককাল পর্যন্ত নানা বিবর্তন ও পরিবর্তনের মাধ্যমে বাংলা ভাষা আজকের সমৃদ্ধি লাভ করেছে। তথ্য -প্রযুক্তির বিকাশের সাথে সাথে যোগাযোগের মাধ্যম হিসেবে ভাষার ব্যবহার এবং বোধ জাগ্রত করার মূল হাতিয়ার হিসেবে মাতৃভাষার গুরুত্ব সম্পর্কে তুলে ধরার একটি ক্ষেত্র হিসেবে বাংলা ভাষা ও সাহিত্য নামক কোর্সটি অত্যন্ত গুরুত্বপূর্ণ ভূমিকা পালন করবে; সেইসাথে আন্তর্জাতিক অঙ্গনে বাংলা ভাষা ও সাহিত্যকে প্রতিষ্ঠাকরণ এবং আধুনিক যোগাযোগের মাধ্যম হিসেবে বাংলা ভাষার মাধুর্যকে তুলে ধরবে। আদর্শ ও দেশপ্রেমিক জাতি গঠনে সহায়ক ভূমিকা পালন করবে।

**Course Content:**

ক. প্রধান বিষয় (Main Content)

১. বাংলা ব্যাকরণ

২. নির্মিতি

৩. বাংলা সাহিত

খ. বিস্তারিত বিষয় (উবঃধরষবফ ঈড়হঃবহঃ)

১. বাংলা ব্যাকরণ: বাংলা ভাষার উৎপত্তি ও ক্রমবিকাশ, ধ্বনি ও বর্ণ, স্বরধ্বনি ও ব্যঞ্জনধ্বনি, স্বরবর্ণ ও ব্যঞ্জনবর্ণ, বাংলা বানানের নিয়ম, ণ-ত্ব বিধান ও ষ-ত্ব বিধান, যতিচিহ্ন, বঙ্গানুবাদ ইত্যাদি।

২. নির্মিতি:

প্রতিবেদন বা রিপোর্ট লিখন, পত্র লিখন (ছুটি, নিমন্ত্রণ পত্র, ব্যবসা-বাণিজ্য, চাকরির আবেদন)

দিনলিপি, অভিজ্ঞতা বর্ণনা, বক্তব্য লিখন, ই-মেইল, এসএমএস, ফেসবুক, সংলাপ রচনা, ক্ষুদেগল্প লেখা ইত্যাদি।

ব্যবহারিক বাংলা (সংক্ষিপ্ত আলোচনা):

একুশে ফেব্রুয়ারি, মুক্তিযুদ্ধ, বাংলা নববর্ষ, বাংলা উৎসব, ষড়ঋতু, বাংলা ভাষা, লোকসংস্কৃতি, মানবতা ও নৈতিকতা, বিশ্বায়ন, তথ্য-প্রযুক্তি ইত্যাদি।

৩. বাংলা সাহিত্য:

কবিতা: বঙ্গবাণী, বঙ্গভাষা, খাঁচার ভিতর অচিন পাখি, নির্ঝরের স্বপ্নভঙ্গ, আজ সৃষ্টি সুখের উল্লাসে, বাংলার মুখ আমি, অমর একুশে, স্মৃতিস্তম্ভ, তোমাকে পাওয়ার জন্য হে স্বাধীনতা, আমার পরিচয় ইত্যাদি।

ছোটগল্প:

পোস্টমাস্টার, বায়ুযানে পঞ্চাশ মাইল, পুঁইমাচা, মৌন নয়, নয়নচারা, একাত্তরের দিনগুলি, খাঁচা, অপঘাত ইত্যাদি।

প্রবন্ধ:

বাঙ্গালা ভাষা, সভ্যতার সংকট, তৈল , যৌবনে দাও রাজটিকা, বর্তমান বিশ্বসাহিত্য, আমাদের বাংলা উচ্চারণ, আমাদের আত্মপরিচয়।

নাটক: কবর

## Mapping of Course Learning Outcomes (CLOs) with the Program Learning Outcomes (PLOs):

| | |
|---|---|
| CLO 1 | শুদ্ধভাবে ভাষা বিষয়ক জ্ঞান অর্জন করা , নিজের অস্তিত্ব ও শেকড়ের অনুসন্ধানে চেতনাকে প্রবাহিত করা। |
| CLO 2 | ভাষা বিষয়ক জ্ঞান অর্জন, বোধের বিকাশ এবং তা বাস্তব জীবনে প্রয়েগে উৎসাহিত করা। |
| CLO 3 | সাহিত্য সংস্কৃতির মাধ্যমে নিজ দেশ ও জাতিকে জানা। জাতির ইতিহাস ও ঐতিহ্য অনুসন্ধানের পাশাপাশি ধারাবাহিক চর্চায় অনুপ্রাণিত করা এবং বাস্তব জীবনে তা প্রয়োগ করা। |

Course Code: MBA 5214 Course Title: Real Estate Finance and Alternative Investment Credits: 3.00

**Rationale of the Course:**

Studying this course Students will develop a thorough understanding of concepts unique to the real estate industry and develop the skills necessary to analyze real estate markets, investments, risk and financing. They will deploy world-class technology tools in market and investment analysis.

**Course Content:**

Introduction, financing, residential properties, financing income properties, financing real estate development, real estate capital markets and securities. Legal Consideration in Real Estate Finance, Assurance of Title- Methods of Title, Assurance- Limitations on Property Rights

Fixed rate Mortgage Loans: Determinants of Mortgage Interest, rates, Development of Mortgage, Payment Patterns, Inflation and Mortgage Pricing, Problems, The Graduated payment Mortgage,

Adjustable Rate and Variable Payment Mortgages: Concept, The Price level adjusted mortgage, Shared Appreciation Mortgages

Underwriting and Financing Residential Properties: Underwriting, defaultrisk, Classification of mortgage loan, the underwriting process, Property Appraisal

Residential Financial Analysis: Incremental Borrowing Cost, Loan Refinancing, Market value of a loan, Market value of a loan, Effect of below market financing on house prices, Cash equivalency, Effect of below market financing on house prices, Cash equivalency,

Valuation of income Properties: Appraisal process, Approaches to valuation, Approaches to valuation, Investment and Risk Analysis, Motivation for investing, Measures of investment performance using ratios, Risk Analysis

Financial Leverage and Financing Alternatives: Introduction to Financial Leverage- Break-Even Interest Rate- Risk and Leverage- Underwriting Loans on Income Properties- Other Loan Terms and Mortgage Covenants, Alternatives to Fixed Rate Loan Structures- Participation Loans- Sale- Leaseback of the Land- Interest-Only Loans - Accrual Loans- Convertible Mortgages- Comparison of Financing

Alternatives

Financing Corporate Real Estate: Lease versus Own analysis, Factors affecting own versus lease decisions, Sale-Leaseback, Discounted Cash Flow Analysis (Expected Income), Income Capitalization

The Secondary Mortgage Market: Evolution of the secondary mortgage market, Mortgage Backed Bonds, Mortgage Pass through securities Mortgage pay through bonds, Collateralized mortgage obligations

**Mapping of Course Learning Outcomes (CLOs) with the Program Learning Outcomes (PLOs):**

| | |
|---|---|
| CLO1 | Understand the concept and evolution of real estate finance |
| CLO2 | Understand different modes of financing real estate |
| CLO3 | Discover the different styles of real estate planning |
| CLO4 | Understand the implication of real estate finance in business, society |

Course Code: MBA 5215 Course Title: Investment Banking and Lease Finance Credits: 3.00

**Rationale of the Course:**

Objectives of the course is to make students skilled on how corporations use investment banking and lease financing for their business.

**Course Content:**

Introduction: Financial systems of BD, Investment banking, institutional structures, investment banking, merchant banking, BSEC guidelines, registration and regulations of underwriting.

Issue Management: public issue, classification of issue, eligibility, issue pricing, promoter's contribution, prospectus, allotment, preferential allotment, private placement.

Leasing and Hire Purchase: Concepts of leasing, types of leasing-advantage and limitations of leasing, Lease rental, determination; Finance lease evaluation problems

Alternative Investment: Venture Capital: Concept, history and evolution of VC, the venture investment process, various steps in venture financing, incubation financing, buy-outs.

Credit Ratings: Introduction, types of credit rating advantages and disadvantages of credit ratings, credit rating agencies

Securitization: concept, securitization as a funding mechanism, Traditional and non-traditional mortgages

**Mapping of Course Learning Outcomes (CLOs) with the Program Learning Outcomes (PLOs):**

| | |
|---|---|
| CO1 | Know different aspects of investment banking, mergers, acquisitions and detailed BSEC guidelines. |
| CO2 | Understand the importance and relevance of investment bankers in any financial system. |
| CO3 | Developing concept to apply in the process raising funds form primary markets along with regulations concerned with it. |
| CO4 | Creating newer dimension of various financial services to the available in financial markets in BD |
| CO5 | Creating alternative approach to financing in the form of leasing and hire purchases |

Course Code: MBA 5216 Course Title: Business Research Methods Credits: 3.00

**Rationale of the Course:**

Research Methodology is a hands-on course designed to impart education in the foundational methods and techniques of academic research in social sciences and business management context. Research scholars would examine and be practically exposed to the main components of a research framework i.e., problem definition, research design, data collection, ethical issues in research, report writing, and presentation.

Course Content: The course is designed in such a way as to comprehend the students with practical knowledge on how to solve business problems through research. The course contains, Introduction, process, problems, design, sampling, data collection, data analysis, data management, hypothesis testing, analysis of business research. Finally, the course contains interpretation of research results for business decision making.

Course Learning Outcomes: at the end of the course, the students will be able to-

| | |
|---|---|
| CLO1 | Build the foundation of scientific thinking; |
| CLO2 | Understand the framework of the business research process; |
| CLO3 | Develop an understanding of research design and techniques |
| CLO4 | Conduct basic qualitative and quantitative research, and |
| CLO5 | Equip the students for scholarly writing and evaluate the report. |

# Major courses for Accounting and Information Systems (AIS)

Course Code: ACN 6101 Course Title: International Accounting Credits: 3.00

**Rationale of the Course:**

The International Accounting course introduces students to the accounting issues uniquely confronted by companies involved in international business, how accounting is practiced in each and every country around the world, learning about and comparing the differences in financial reporting, taxation, and other accounting practices that exist across countries, and the rules and regulations issued by international organizations – most notably International Financial Reporting Standards (IFRS) issued by International Accounting Standard Board (IASB).

**Course Content:**

Introduction to International Accounting: Scope. Importance and features of international accounting, Historical perspective, Contemporary perspective, Growth and Spread of Multinational Operations, Financial Innovation, Global Competition, cross border merger and acquisitions, internationalization of capital market.

International Financial Statement Analysis: Challenges and opportunities cross border analysis, business analysis framework, international business strategy analysis, International financial analysis-ratio analysis, cash flow analysis, common size analysis, regression analysis, coping mechanism and decision making, Managing multinational corporations, characteristics of multinational corporations, MNCs and consolidated financial statements, Accounting Issues of MNCs.

Accounting for Foreign Operations: Related terminologies, Currency translation of direct business transactions, related mathematics, IAS 21: The Effects of Changes in Foreign Exchange Rates.

International Taxation and transfer pricing: Diversity of national tax system, taxation of foreign source income and double taxation. Tax planning dimensions, international transfer pricing, transfer pricing methodology- comparable uncontrollable price method, comparable uncontrolled transaction method, resale price method, cost plus pricing method, other pricing method.

Global Accounting and Auditing Standards: A survey of international convergence, Overview of major international organizations promoting accounting convergence- IASB, EU, IFAC, ISAR, OECD.

Comparative Accounting-The Americas and Asia, Europe: Some observations about accounting standards and practice, IFRS in the European Union,

**Mapping of Course Learning Outcomes (CLOs) with the Program Learning Outcomes (PLOs):**

| | |
|---|---|
| CLO1 | Understand the issues including currency translations, external reporting for multinational enterprises and techniques for financial statement analysis for foreign and multinational corporations. |
| CLO2 | Analyzing the comparison of financial reporting policies and financial statements prepared under domestic and international reporting standards and gaining competence as a professional. |
| CLO3 | Explain the notion of global accounting standards, nature and scope of international accounting and accounting issues confronted by companies involved in international trade for better decision making. |
| CLO4 | Evaluate the importance of transfer pricing in achieving goal harmony in decentralized organizations and the worldwide efforts to enforce transfer pricing regulations and tax planning for multinational corporations. |

Course Code: ACN 6102 Course Title: Advanced Accounting Theory Credits: 3.00

**Rationale of the Course:**

This advanced course in financial accounting theory presents an in-depth analysis of the historical development of accounting theory and its application to current and future accounting issues. The course utilizes a case approach that provides a blend of theory, practice, and research. The course enhances critical thinking skills by synthesizing the professional accountant's understanding and knowledge of accounting theory with the resolution of real-world accounting problems. The course incorporates a global perspective with respect to the development and analysis of accounting standards

**Course Content:**

Introduction: Accounting and its changing role, users of accounting information, accounting theory and its Need, Research Methodology for the Formulation of Accounting Theory, Nature, Classification and Foundation of Accounting Theory.

Approaches to the Formulation of Accounting Theory: Traditional Approaches, New Approaches, Efficient Market Hypothesis, Capital Market Research and relevance of Accounting Information.

History of Accounting Thought: Early History, Age of Stagnation, Growth of Accounting Knowledge, Development of Accounting Practice and Theory in European Countries, basic Accounting Equation, Development of Accounting Principles, Standards Versus Principles, GAAP, Alternative in Accounting Standards, Comparability of Financial Statements, Structure for Establishment of Accounting Standards.

Structure of Accounting Theory: Elements of the Structures, Accounting Postulates, Theoretical Concepts of Accounting, basic Accounting Principles, Exception or Modify Principles.

Conceptual Framework for Accounting and Reporting: Elements, Accounting Reporting Meaning, Objectives, APB, True Blood Report, Corporate Report, Stamp Report, IASC, ASB, Conceptual Framework, by IASC.

Mapping of **Course Learning Outcomes (CLOs) with the Program Learning Outcomes (PLOs):**

| | |
|---|---|
| CLO1 | Understand the theoretical basis of current accounting standards |
| CLO2 | Analyze and increase awareness of how theories relate to, or contradict, real world events |
| CLO3 | Interpret an interest in current events and issues facing the profession |
| CLO4 | Develop an understanding how scholarly research tests theories and can assist policy development. |

| | PLO1 | PLO2 | PLO3 | PLO4 | PLO5 | PLO6 |

Course Code: ACN 6103 Course Title: Working Capital Management Credits: 3.00

**Rationale of the Course:**

After completing this course, the students will be able to evaluate comparative working capital management policy; learn about firms' profitability, liquidity, and risk and operating flexibility, investigate cash flow cycles & working capital cycles; formulate optimum inventory and receivables management plan; understand the impact of working capital policy on firm's operations, etc.

**Course Content:**

Introduction, meaning, concepts, classification and importance of working capital, Relevance of current assets and current liabilities in the balance sheet, Objectives of WCM. Over- capitalization, under-capitalization, zero working capital, Short-term v/s long term financing-A risk-return trade-off. Liquidity v/s profitability trade-off. Cost trade-off, Working capital approaches. Working capital management in some companies.

Relevance of current assets and current liabilities and their inter-relationship, Management of different current assets, Management of Inventory

Management of liquidity-Shift ability theory, Liquidity newly defined, liquidity crises 7 firm level action, Measurement of liquidity.

Window dressing, Certainty model by Baumol, Uncertainty model by Miller & Orr, Cash flow forecasting, Cash collection system.

Financing Working Capital Gap, Sources of working capital finance, Bank finance, other sources of working capital finance and deciding a suitable mix.

Managing Payables and Accruals, The Payment System and Financial Institution Relationships Analysis of Solvency and Financial Flexibility

**Mapping of Course Learning Outcomes (CLOs) with the Program Learning Outcomes (PLOs):**

| | |
|---|---|
| CLO1 | Identify and summarize the essential theories and concepts of modern working capital Management |
| CLO2 | Constitute a comprehensive introduction to basic concepts of working capital management. The course will help to be involved with the management of a business to acquire some knowledge of short-term financial management. |
| CLO3 | Apply the theories learned to the real world and use them in short-term financial decision makings. |
| CLO4 | Design optimal working capital policies (cash, inventory, etc.), given the characteristics of the industry and the firm; an optimal overall working capital management policy for the firm |
| CLO 5 | Balance firms' profitability, liquidity, risk and operating flexibility |

| | PLO1 | PLO2 | PLO3 | PLO4 | PLO5 | PLO6 |

Course Code: ACN 6104 Course Title: Accounting Based on IAS and IFRS Credits: 3.00

**Rationale of the Course:** This course contributes to the development of the students' learning goal regarding accounting competencies. Students can recognize, develop, measure, record, validate and communicate financial and other related information. Alongside, they can gather knowledge regarding accounting standards.

**Course Content:**

IAS introduction: Setting accounting standards, Need for International Accounting Standards, The International Accounting Standards Committee (predecessor of the current International Accounting Standards Board), Objectives of standard setting under the Constitution of the IASC Foundation, The IASB, Standard Advisory Council (SAC), International Financial Reporting Interpretation Committee (IFRIC), IASB Due Process.

Presentation of financial statements (IAS 1): Objectives, Components of financial statements, General features of financial statements, Structure and content of financial statements, Statement of financial position (or balance sheet), Statement of comprehensive income, Statement of changes in equity, Notes to financial statements, Interim financial reporting (IAS 34).
Construction Contract (IAS 11): Scope of IAS 11, Key Concepts, Accounting Treatment (Combining and segmenting construction contract), Accounting Treatment (Contract Revenue), Accounting Treatment (Contract Cost), Accounting Treatment (Recognition of Contract Revenue & Expenses), Accounting Treatment (Recognition of expected losses), Disclosure.
Related Party Disclosures (IAS 24): Related Party Disclosures, Objective, Scope, Purpose of related party disclosures, Related party transactions.
Operating Segments (IFRS 8): Scope, Operating Segments, Reportable segments, Disclosure requirements, Secondary segment information.
Inventories (IAS 2): Objective, scope, techniques, measurement principles of inventories, cost formula, inventory valuation, write down to NRV, expense recognition.

**Mapping of Course Learning Outcomes (CLOs) with the Program Learning Outcomes (PLOs):**

| | |
|---|---|
| CLO1 | Understand financial reporting standards to determine their structures and basis of conclusions. |
| CLO2 | Analyzing different accounting standards and improvising the professional competence to better implication of the standards. |
| CLO3 | Create restatement of financials as per each country’s accounting standards as this is so important in a global economy to facilitate comparison among companies across countries. |
| CLO4 | Explain the structure and content of each component of a set of financial statements alongside the considerations which should be taken into account when preparing financial statements. |

| CLO5 | Lecture, Analysis of academic text | Test |

Course Code: HRM 6102 Course Title: Training and Development Credits: 3.00

**Rationale of the Course:**

This course introduces students with the basic and advanced training and development related best practices. Besides the core HR profession, HRM graduates are expected to build up a responsible career in the training and development section. That's why it is believed that successful completion of this course ensures a student's capacity of playing strategic business partner of any kind of organization. Apart from that each and every manager is directly involved in developing his/her subordinates or team members.

**Course Content:**

Introduction: Meaning-stakeholders of training and development- relation between education- training and development-training and development- management development-objectives-importance-dimensions of training and development-management development process and training-training and development cycle-difference between training and learning.

Orientation and socialization: Definition-Objectives-Importance-Classification of orientation and socialization-Phases of socialization-Possible topics of organizational orientation-Possible topics of departmental and job orientation- Orientation kit-Responsibility for orientation-Length and time- Follow up and evaluation; Employee Training: Definition-Objectives-reasons for training-General benefits-Typical topics of employee training-Forces Influencing the Workplace and Training- Skills needed to manage a diverse work- force- Snapshot of training Practice-Training investment leaders- Roles-competencies- and positions of training professionals-Types of training- Training- learning and motivation-Why training fail; Management Development: Meaning-Management development process-Net Management Requirements-Need Assessment methods-Difference between training and management development.

Problem Identification and Training Needs Assessment: Needs assessment-Importance-Participants in needs assessment- Methods of needs assessment- Needs analysis process- General concept and dimension for needs assessment- Tools and techniques for needs assessment.

Training Program Designing: Definition- Major phases- Main elements- Needs analysis-Learners analysis-Setting objectives- Designing training curriculum-Selection of training and development methods and media Evaluation of program design-Program logistics; Methods and Techniques of Training: Different types of training methods- Advantages and disadvantages of on the job and off the job training- Steps for effective on the job training- Different techniques of on the job training-Different techniques of off the job training- Difference between on the job and off the job training.

Implementation and Monitoring: Planning program implementation- Preparing and organizing program activities- Executing the program; Training Evaluation and Follow up: Meaning-Reasons for evaluating training-Evaluation process- Outcomes used in the evaluation of training programs-Evaluation design-Types of evaluation design-Influencing factors of evaluation design.

**Mapping of Course Learning Outcomes (CLOs) with the Program Learning Outcomes (PLOs):**

| | |
|---|---|
| CLO1 | Understand the basic concepts of training and development |
| CLO2 | Know how to orient, socialize and train newly hired employees |
| CLO3 | Identify problems and assess employees' training need for better performance |
| CLO4 | Design an effective training and development program by choosing the best method |
| CLO5 | Implement and monitor the training and development program to assess its effectiveness |

| | PLO1 | PLO2 | PLO3 | PLO4 | PLO5 | PLO6 |

| CLO5 | Lecture, Consultations | Test |

Course Code: HRM 6103 Course Title: Strategic Human Resource Management Credits: 3.00

**Rationale of the Course:**

This course provides students with a critical understanding of the theories, principles, historical trends, current issues and practices relevant to human resource management strategy in an organization. This will develop subject specific skills necessary for employment in roles which require the effective management of both human and knowledge capital within the organization, therefore extending beyond purely human resource management (HRM) roles. Students will explore the unique strategic positioning of contemporary human resource management and the subsequent demands placed on professionals working in this area.

**Course Content:**

Introduction: concepts of human beings or personnel, definition of management, definition of human resource management, the four basic functions of HRM, other functions of HRM, definition of strategic human resource management, three propositions of SHRM, areas of SHRM, differences between SHRM & HRM, aim of SHRM; Strategic HRIS: Information, Strategic HR information system, Importance of SHRIS, Nature & Benefits of HRIMS, Scope of SHRIS, Types of HRIMS data, Successful HRIMS, Uses of SHRIS, Extended Model of SHR Planning using HRIMS;

Strategic Human Resources Planning: HR planning, strategic planning, effective links between organizational strategic plans & HRP, the strategic HRM planning group effectiveness, approaches to SHRM for SHRP, factors influence SHRP;

Job Analysis: job analysis, job descriptions, parts of job description, importance of selection of a job, job description (job duties, roles & goals), job description (job environment), problems with job descriptions, job specification, job analysis & SHRM;

Recruitment Strategy: Recruitment, Factor influencing recruitment, Sources of Recruitment, Strategic recruitment process, Recruitment process, Strategic HR can assist with Recruitment by which method; Employee Selection & SHRM: Selection, The Selection Process, SHRM & Strategic Selection, Selection Decision Strategy, The cost of wrong selection etc.

Training, Developing & Educating Employees: what is training, differences between training, education & development, importance of training, nine steps in the training process, the strategic training and development process, the strategic training and development process, questions to ask to develop strategic training and development initiatives, outsourcing training, why companies outsource training.

**Mapping of Course Learning Outcomes (CLOs) with the Program Learning Outcomes (PLOs):**

| | |
|---|---|
| CLO1 | Understand the meaning of SHRM and how does it differentiate from HRM |
| CLO2 | Formulate HR planning and connect it to organizational strategic planning |
| CLO3 | Conduct job analysis and prepare job description and job specification |
| CLO4 | Undertake the action plans for employee recruitment and selection |
| CLO5 | Formulate and implement the strategy for training and development |

| | PLO1 | PLO2 | PLO3 | PLO4 | PLO5 | PLO6 |

| CLO3 | Lecture, Viva-Voce | Test/Assignment |
| CLO4 | Lecture, Analysis of academic texts, cases, and examples | Test |
| CLO5 | Lecture, Consultations | Test |

Course Code: HRM 6104 Course Title: International Human Resource Management Credits: 3.00

**Rationale of the Course:**

Aims to develop a critical understanding of the role and functions of the various human resource activities within multinational corporations (MNC). It provides an overview of the impact of globalization and varieties of capitalism in shaping international human resource management practices in MNCs. In doing so, the course addresses the literature in International Human Resource Management and the strategic management of human resources in MNCs. The field of International HRM is a relatively new area of academic/professional interest and the course will draw on case studies and selected readings. Case studies will be used to expose students to the various human resource management issues in the management of people in MNCs in an international context.

**Course Content:**

International Human Resource Management Challenges: International human resource troubleshooting, International challenges and diversification, Cultural awareness and the enduring context of IHRM; Frameworks and International Challenges: Assumptions, Structures and Employee rights; International Preparation and Selection: International recruitment, International selection and International Staffing Approaches; International Human Resource Development and Evaluation: Orientation, Training and development, Evaluation and career development; International Compensation and Protection: International Compensation Management, Comparative study between national and international compensation; Re-entry & Career Issue: People Working Internationally, Performance Management; International Employee Relations and Assessment: Management Implications of International Activities, International Communication; International Workplaces & Cultural Differences; IHRM & Corporate Strategy; Cross cultural Training & Development; Recruitment & Selection of International Employees; Performance Management of International Assignees; Compensation & Repatriation of Expatriates; Issues in International Industrial Relations; Varieties of capitalism; National business systems; Cross-border alliances; HRM in host-country context; Future trends and challenges in IHRM.

**Mapping of Course Learning Outcomes (CLOs) with the Program Learning Outcomes (PLOs):**

| | |
|---|---|
| CLO1 | Understand International human resource management challenges & context of IHRM |
| CLO2 | Analyzing International employee relations and performance assessments. |

| CLO4 | Analysis of academic texts /cases | Presentation |

Course Code: INT 6105 Course Title: **Internship/Project/Thesis** Credits: 3.00

The Internship/Project/Thesis is a part of the program requirement. The Internship/Project/Thesis constitutes a practical work experience on the job and is a preparatory step towards placement. The primary goal of Internship/Project/Thesis is to provide on the job exposure to the students and an opportunity for translation of theoretical concepts in to real life situation. During internship students will be placed in enterprises, organizations, research institutes as well as development projects. The program covers a period of 8(eight) weeks of organizational attachment and 4 (four) weeks of report finalization work.

The student is required to prepare and submit an Internship/Project/Thesis report within the time specified. The internship report of a student will be graded as per usual grading practice of the university. The passing grade in the internship program is 'D'. Failure to obtain passing grade will call for a retake of internship program. Such retake will be allowed only once. The grade earned on the internship report will be included in the grade sheet of students. The organizational attachment will begin after the final semester course examination.

After submission of internship report a viva voce examination will be held on the report. A board will be formed with faculty's dean, departments' heads, at least one expert from another university and other faculty members nominated by the program coordinator.

# Part D

PERFORMANCE EVALUATION

## The Grading System and Grading

The Letter Grade The total performance of a student in a given course is based on a scheme of continuous assessment and a term final examination, for theory courses this continuous assessment is made through a set of class tests, assignments, class performance, a midterm examination. The assessment in sessional courses is made by evaluating performance of the student at work during the class, conduct of lab tests, report writing, a midterm evaluation, quiz, viva-voce and a final evaluation. Each sessional course has a certain credit (0.75/1.00/1.50), which describes its corresponding weightages. A letter grade with a specified number of grade points is awarded in each course for which a student is registered. A student's performance is measured by the number of credits completed satisfactorily and by the weighted average of the grade points earned. A minimum grade point average (GPA) is essential for satisfactory progress. Total credits specified in syllabus of each department have to be acquired in order to qualify for the respective degree. Letter grades and corresponding grade points shall be awarded according to the provisions shown below:

| Letter Grade | Grade Point | Numerical Markings |
|---|---|---|
| A+ | 4.00 | 80% or Above |
| A | 3.75 | 75% to below 80% |
| A- | 3.50 | 70% to below 75% |
| B+ | 3.25 | 65% to below 70% |
| B | 3.00 | 60% to below 65% |
| B- | 2.75 | 55% to below 60% |
| C+ | 2.50 | 50% to below 55% |
| C | 2.25 | 45% to below 50% |
| D | 2.00 | 40% to below 45% |
| F | 0.00 | Less than 40% |
| I | | Incomplete |
| W | | Withdrawal |
| X | | Continuation (for project/ thesis) |

Subject (s) in which a student gets 'F' grade shall not be counted towards the credit hours' requirements and for the calculation of Grade Point Average (GPA)

Calculation of GPA and CGPA

Grade point average (GPA) is the weighted average of the grade points obtained in all the courses passed/completed by a student in a Term. 'F' grades will not be counted for GPA calculation. GPA of a Term will be calculated as follows:

$$GPA = \sum_{i=1}^{n} C_i G_i \Big/ \sum_{i=1}^{n} C_i$$

Where n is the total number of courses passed by the student, Ci is the number of credits allotted to a particular course i and Gi is the grade point corresponding to the grade awarded for i-th course.

Cumulative Grade Point Average (CGPA) gives the cumulative performance of the student from first Term up to any other Term to which it refers and is computed by dividing the total weighted grade points $\sum_{i=1}^{n} Ci * Gi$ / $\sum_{i=1}^{n} Ci$ accumulated up to the date by the total credit hours. Both GPA and CGPA will rounded off to the second place of decimal for reporting,

Withdrawal from a Term

If a student is unable to attend the Term Final Examination due to illness, accident or any other valid reason, he/ she may apply in prescribed form to the Registrar through his/ her Dean of the Faculty for total withdrawal from the Term minimum 7 (seven) working days before start of the Term final examination. However, he/ she may choose not to withdraw any laboratory/ sessional/ design course if the grade obtained in such a course is 'D' or better and that he/ she has to indicate clearly in his/ her withdrawal application. In case of illness the withdrawal application must be supported by a medical certificate from CMH/Medical Officer of BAUST. The Academic Council shall take the final decision about such an application.

Incomplete (I) Courses

If a student fails to attend 60% of the classes of any registered course in a Term whatever be the reasons, the registration shall be cancelled for that course and the course will be treated as Incomplete (I) course.

## Distribution of marks

Theory Courses: Forty percent (40%) of marks of a theoretical course shall be allotted for continuous assessment, i.e., class tests/ assignments/ presentations, class evaluation, class participation and midterm examination. The rest sixty percent (60%) marks shall be allotted to the three-hour duration term final examination. Distribution of marks for a given theory course is as follows:

| Criteria | Marks (%) |
|---|---|
| Class Performance | 05% |
| Class tests/ Assignments/Presentations | 20% |
| Midterm Examinations | 15% |
| Final Examination | 60% |
| Total | 100% |

The number of class tests/ assignments/ presentations of a course shall be 'n', where 'n' is the number of credits of the course. Evaluation of performance in class tests/ assignments/ presentations shall be on the basis of the best '(n-1)' class tests/ assignments/ presentations. The mode of continuous assessment for a particular course shall be included in the course outline plan which will be provided to the students by the course teacher within the first week of the start of each term

Notes:

a. Course teacher of a particular course has to inform the department whether he/she wants to assess mid-term through exam or project within first two weeks of beginning of a term. The duration of mid-term examination should not be more than 60 minutes. If mid-term assessment is done through project, then there should be project report and presentation.

b. All class test will carry 20 marks each. Exam software system will finally convert these achieved marks into total class test marks as per credit hour.

c. The weightage of class performance can be assessed through class attendance, effective class participation and discipline.

d. Irrespective of the result of the continuous assessment (class performance, class test, mid-term examination), a student has to appear in the final examination (where applicable) for qualifying/ passing the concern course/ subject.

## Attendance

All students are expected to attend classes regularly. The university believes that attendance is necessary for effective learning. The first responsibility of a student is to attend classes regularly. One is required to attend at least 80% of all classes held in any course. Students having attendance from 60% up to 79% shall have to pay a certain fine to attend the final examination. Students having attendance less than 60% shall not be allowed to attend the final examination.

# MBA 5104, Principles of Marketing

**Part A**

| | | | |
|---|---|---|---|
| 1. | Course Code | : | MBA 5104 |
| 2. | Course Title | : | Principles of Marketing |
| 3. | Course Type | : | Core Course |
| 4. | Level/Term | : | 1-I |
| 5. | Academic Session | : | Summer 2022 |
| 6. | Course Teacher(s) | : | Goutam Saha, Samiya Bint Halim |
| 7. | Pre-requisite | : | N/A |
| 8. | Credit Value | : | 3.00 |
| 9. | Contact Hours | : | 42 |
| 10. | Total Marks | : | 300 |
| 11. | Rationale of the Course | : | Required Course |
| 12. | Course Objectives | : | |

i. Understand the basic principles, theories, concepts and dynamics of Marketing.
ii. Apply these principles and tools in case analysis and to practical business decision making situations.
iii. Integrate the concepts/techniques learned through application in the preparation of a comprehensive marketing plan.
iv. Appreciate and learn more about Marketing as a career.

13. **Course Learning Outcomes (CLOs) and Mapping of CLOs with Program Learning Outcomes (PLOs):**

| | |
|---|---|
| **CLO1** | Define marketing and the marketing process. |
| **CLO2** | Understand the marketing environment and consumers to provide better solutions to their problems. |
| **CLO3** | Apply a customer-driven marketing strategy. |
| **CLO4** | Analyze how to create value with product and pricing decisions. |
| **CLO5** | Formulate a plan to communicate and deliver value to the customers. |

| | **PLO1** | **PLO2** | **PLO3** | **PLO4** | **PLO5** | **PLO6** | **PLO7** |

# MBA 5105, Principles of Finance

## Part A

1. Course Code : MBA 5105
2. Course Title : Principles of Finance
3. Course Type : Core Course
4. Level/Term : 1-I
5. Academic Session : Summer 2022
6. Course Teacher(s) : Shamima Islam
7. Pre-requisite : N/A
8. Credit Value : 3.00
9. Contact Hours : 42
10. Total Marks : 300
11. Rationale of the Course : Required Course
12. Course Objectives :

Upon successful completion of this course, students will be able to:

i. Understand basic corporate finance topics and tools for decision making
ii. Compute Future and Present Values, including FV and PF of annuities
iii. Compute Discounted Cash Flow (using Time Value of Money)
iv. Understand the basics of risk and return relationship
v. Compute standard deviation and utilize the outcome for decision-making
vi. Understand the concept of Beta and use it for decision-making
vii. Compute the Net-Present Value (for project analysis)
viii. Understand the basic techniques for cash management

13. **Course Learning Outcomes (CLOs) and Mapping of CLOs with Program Learning Outcomes (PLOs):**

| | |
|---|---|
| **CLO1** | Understand the concept of maximization of shareholders wealth by applying financial techniques |
| **CLO2** | Application of evaluation criteria like Payback period, NPV, IRR, PI etc. in decision-making. |
| **CLO3** | Analyze risk return characteristics of different alternative capital structures through leverage and EBIT-EPS Analysis. |
| **CLO4** | Evaluation and selection of dividend decisions that maximizes shareholders wealth. |
| **CLO5** | Examine and formulate tradeoffs between Liquidity and profitability for optimum utilization of fixed assets. |

| | **PLO1** | **PLO2** | **PLO3** | **PLO4** | **PLO5** | **PLO6** |

**15. Assessment and Evaluation**

**1) Assessment Strategy**

| **CLOs** | **Teaching-Learning Strategy** | **Assessment Strategy** |
|---|---|---|
| CLO1 | Lecture, Tutorials, Discussion | Test |
| CLO2 | Lecture, Tutorials, Discussion | Test/Class Participation |
| CLO3 | Lecture, Tutorials, Group Work | Test/Assignment/Presentation |

2) Marks distribution:

| Assessment and Evaluation Factor | | Marks |
|---|---|---|
| a. Continuous Assessment (40%) | Class Test | 15% |
| | Assignment/Presentation | 05% |
| | Class Performance | 05% |
| | Mid Term | 15% |
| b. Final Examination | | 60% |
| Total Marks | | 100% |

3) Make-up Procedures

- Missed Class Tests, Assignment, Class performance and Midterm: There will be no make-up exam if anyone intentionally misses class test or midterm exam without any valid and legitimate reason. Absence in the exams will be regarded as absent and Zero (0) marks will be applied. Notifying the instructor before the exam is a must if a student misses any exam for reasons beyond his/her control. In extreme circumstances, if the student cannot inform earlier, he/she must inform the instructor within three (3) days of the exam.

- RIB (Referred, Improvement and Backlog) exams will be conducted according to the Examination Policy for Undergraduate Programs of BAUST.

**18. Learning Materials**

**1) Recommended Readings:**

Computer Fundamentals by Dr. M. Lutfar Rahman & Dr. M. Alamgir Hossain

**2) Supplementary Readings:**

Introduction to Computer by Peter Norton

# MBA 5108, Microeconomics

## Part A

| | | | |
|---|---|---|---|
| 1. | Course Code | : | MBA 5108 |
| 2. | Course Title | : | Microeconomics |
| 3. | Course Type | : | Core Course |
| 4. | Level/Term | : | 1-I |
| 5. | Academic Session | : | Summer 2022 |
| 6. | Course Teacher(s) | : | Mehedi Hasan |
| 7. | Pre-requisite | : | N/A |
| 8. | Credit Value | : | 3.00 |
| 9. | Contact Hours | : | 42 |
| 10. | Total Marks | : | 300 |
| 11. | Rationale of the Course | : | Required Course |
| 12. | Course Objectives | : | |

After pursuing this course student will be able to understand the basic microeconomics principles and their applications. It informs how economy performs and expands its scope in micro level according to the demand of society. It will help the student to know the working of a capitalist economy where individual units are free to take their own decision. It describes how, in a free enterprise economy, individual units attain equilibrium position. It also helps the government in formulating correct price policies. As a business student they will be able to realize in which economy which business will be suitable for them.

13. **Course Learning Outcomes (CLOs) and Mapping of CLOs with Program Learning Outcomes (PLOs):**

| | |
|---|---|
| **CLO1** | Understand the fundamentals of microeconomics |
| **CLO2** | Learn about different economic systems and the basic problems of economics in order to solve them. |
| **CLO3** | Apply the concept of demand and supply in managerial decision making |
| **CLO4** | Analyze the consumer behavior to make large sales revenue. |
| **CLO5** | Decide about the cost items in the firm for minimizing production cost. |

| | PLO 1 | PLO 2 | PLO 3 | PLO 4 | PLO 5 | PLO 6 |
|---|---|---|---|---|---|---|
| **CLO1** | 3 | 2 | 2 | | 1 | |
| **CLO2** | 2 | 3 | 2 | 2 | 2 | |
| **CLO3** | 2 | 3 | 3 | 3 | | 1 |
| **CLO4** | 3 | 2 | 3 | 3 | | |
| **CLO5** | 2 | | 2 | 3 | | 1 |

**Part B**

14. **Course plan specifying content, CLOs, co-curricular activities (if any), teaching learning and assessment strategy mapped with CLOs.**

| Week | Topic | Teaching-Learning Strategy | Assessment Strategy | Corresponding CLOs |
|---|---|---|---|---|
| 1 | Introduction: Meaning of Economics, Positive vs. Normative Economics, Tools of Economic Analysis,. | Lecture notes, ppt, Reference books | Class Test<br>Final Exam<br>Participation | CLO1, CLO 2 |
| 2 | Nature of Economic Theories, Scope and Subject Matter of Economics, Economic Analysis and Economic Policy | -do- | Class Test<br>Final Exam<br>Participation | CLO1, CLO 2 |
| 3 | The central Problems of Economic Society: How the Economic problems are solved under Alternative. | -do- | Class Test<br>Final Exam<br>Participation | CLO1, CLO 2 |
| 4 | Economic systems, Market Economics, Socialist Economics- Mixed Economic- Islamic Economic System- The price System- Value and price | -do- | Class Test<br>Final Exam<br>Participation | CLO1, CLO 2 |
| 5 | Theory of Demand and Supply: The demand function, Determinants of Demand for a commodity Market. | -do- | Class Test<br>Final Exam<br>Participation | CLO3 |
| 6 | Demand curve- Shift vs Movement in the Demand Curve, Supply function, Determinants of supply, | -do- | Class Test<br>Final Exam<br>Participation | CLO3 |
| 7 | Shift vs Movement in the supply curve, Competitive Market Equilibrium, Demand and supply and its Implication. | -do- | Class Test<br>Final Exam<br>Participation | CLO3 |
| | **Mid Term** | | | **CLO1, CLO 2, CLO 3** |
| 8 | Elasticity of Demand and Supply : Price Elasticity of Demand- Point Elasticity of Demand- Income Elasticity of Demand- Cross Elasticity of Demand, | -do- | Class Test<br>Final Exam<br>Participation | CLO3 |

| | | | | |
|---|---|---|---|---|
| 9 | Total Revenue, Marginal Revenue, Relationship between Marginal Revenue. Price & Elasticity of Demand, Elasticity of Supply, Concepts, Application in Business. | -do- | Class Test<br>Final Exam<br>Participation | CLO4 |
| 10 | The Theory of Consumer Behavior: Utility Analysis- Cardinal vs Ordinal utility- Cardinality A approach- Marginal utility and Law of Diminishing Marginal Utility, Equilibrium, Ordinals Approach- | -do- | Class Test<br>Final Exam<br>Participation | CLO4 |
| 11 | Indifference Curve & its properties- Budget line- consumer Equilibrium- Effects of Price and Income Change on consumer Equilibrium, classifying Normal goods, Inferior Goods and Superior Goods- Income Effect and Substitution Effect | -do- | Class Test<br>Final Exam<br>Participation | CLO4 |
| 12 | Theory of cost: Short run cost: Fixed cost- Variable cost, total cost- Marginal cost- Law of variable proportions- Long Run cost- Derivation of long run cost- Cost from short run cost. | -do- | Class Test<br>Final Exam<br>Participation | CLO5 |
| 13 | Concept of a Market and Different Types of Market: Market Structure, Competitive and Non, Competitive Market, Perfect Competition vs Imperfect Competition | -do- | Class Test<br>Final Exam<br>Participation | CLO4, 5 |
| 14 | Pricing under Perfect Competition, Pricing under Monopoly | -do- | Class Test<br>Final Exam<br>Participation | CLO4, 5 |

## Part C

### 15. Assessment and Evaluation

**1)** Assessment Strategy

| CLOs | Teaching-Learning Strategy | Assessment Strategy |
|---|---|---|
| CLO1 | Lecture, Open Discussion | Test |
| CLO2 | Lecture, Group work | Test/Class Performance |
| CLO3 | Lecture, Viva-Voce | Test/Assignment |
| CLO4 | Lecture, Consultations | Test |
| CLO5 | Lecture, Analysis of academic texts, cases, and examples | Test |

2) Marks distribution:

| Assessment and Evaluation Factor | | Marks |
|---|---|---|
| a. Continuous Assessment (40%) | Class Test | 15% |
| | Assignment/Homework | 05% |
| | Class Performance | 05% |
| | Mid Term | 15% |
| b. Final Examination | | 60% |
| Total Marks | | 100% |

3) Make-up Procedures

- Missed Class Tests, Assignment, Class performance and Midterm: There will be no make-up exam if anyone intentionally misses class test or midterm exam without any valid and legitimate reason. Absence in the exams will be regarded as absent and Zero (0) marks will be applied. Notifying the instructor before the exam is a must if a student misses any exam for reasons beyond his/her control. In extreme circumstances, if the student cannot inform earlier, he/she must inform the instructor within three (3) days of the exam.
- RIB (Referred, Improvement and Backlog) exams will be conducted according to the Examination Policy for Undergraduate Programs of BAUST.

**PART-D**

**16. Learning Materials**

**1) Recommended Readings:**

Principles of Microeconomics-N. Gregory Mankiew, Cengage Learning
Economics- Roger A. Arnold

**2) Supplementary Readings:**

An Introduction to Microeconomics-P. Wonnacott & R. Wonnacott, McGraw-Hill Education.

## MBA 5109, Business Communication

**Part A**

| | | | |
|---|---|---|---|
| 1. | Course Code | : | MBA 5109 |
| 2. | Course Title | : | Business Communication |
| 3. | Course Type | : | Core Course |
| 4. | Level/Term | : | 1-I |
| 5. | Academic Session | : | Summer 2022 |
| 6. | Course Teacher(s) | : | Md. Zaber Hossain |
| 7. | Pre-requisite | : | N/A |
| 8. | Credit Value | : | 3.00 |
| 9. | Contact Hours | : | 42 |
| 10. | Total Marks | : | 300 |
| 11. | Rationale of the Course | : | Required Course |
| 12. | Course Objectives | : | |

i. To understand and demonstrate writing and speaking processes through invention,
ii. To understand the importance of specifying audience and purpose and to select appropriate communication choices.
iii. To understand and apply basic principles of critical thinking, problem solving, and technical proficiency in the development of exposition and argument.

13. **Course Learning Outcomes (CLOs) and Mapping of CLOs with Program Learning Outcomes (PLOs):**

| | |
|---|---|
| **CLO1** | Understand the basic concepts of communication and help them to transform their communication abilities. |
| **CLO2** | Acquire necessary skills of business etiquettes for handling day to-day managerial responsibilities and evaluate the facilitators of business communication |
| **CLO3** | Choose their body language more correctly and impressively in accordance with an organizational requirement and international standards |
| **CLO4** | Analyze the forms of Communication and make the students to understand the verbal and non-verbal Communication and to design impressive documents. |
| **CLO5** | Illustrate the correct practices of the strategies of Effective business writing |

| | **PLO 1** | **PLO 2** | **PLO 3** | **PLO 4** | **PLO 5** | **PLO 6** |

| Assessment and Evaluation Factor | | Marks |
|---|---|---|
| b) Continuous Assessment (40%) | Class Test | 15% |
| | Assignment/Homework | 05% |
| | Class Performance | 05% |
| | Mid Term | 15% |
| c) Final Examination | | 60% |
| Total Marks | | 100% |

3) Make-up Procedures

- Missed Class Tests, Assignment, Class performance and Midterm: There will be no make-up exam if anyone intentionally misses class test or midterm exam without any valid and legitimate reason. Absence in the exams will be regarded as absent and Zero (0) marks will be applied. Notifying the instructor before the exam is a must if a student misses any exam for reasons beyond his/her control. In extreme circumstances, if the student cannot inform earlier, he/she must inform the instructor within three (3) days of the exam.
- RIB (Referred, Improvement and Backlog) exams will be conducted according to the Examination Policy for Undergraduate Programs of BAUST.

**PART-D**

**16. Learning Materials**

**1) Recommended Readings:**

Basic Business Communication-Raymond V. Lesiker, Irwin, McGraw-Hill Education.

Business Communication Essentials- Courtland L. Bovee, John V. Thill

**2) Supplementary Readings:**

Communication for Business & Secretarial Students-L.A. Woollcott& W.R. Unwin

"Essentials of Business Communication" Rajendra Pal V.J.S. Korlahali. anization & Management.

# MBA 5110, Business Mathematics

**Part A**

| | | | |
|---|---|---|---|
| **1.** | Course Code | : | MBA 5110 |
| **2.** | Course Title | : | Business Mathematics |
| **3.** | Course Type | : | Core Course |
| **4.** | Level/Term | : | 1-I |
| **5.** | Academic Session | : | Summer 2022 |
| **6.** | Course Teacher(s) | : | Md. Mizanur Rahman |
| **7.** | Pre-requisite | : | N/A |
| **8.** | Credit Value | : | 3.00 |
| **9.** | Contact Hours | : | 42 |
| **10.** | Total Marks | : | 300 |
| **11.** | Rationale of the Course | : | Required Course |
| **12.** | Course Objectives | : | |

i. This course is designed for undergraduate students of Business Administration, which will be helpful to acquire knowledge about Business Mathematics.
ii. This course acts as a bridge between the student's further studies in the Department of Business Administration.
iii. This knowledge will be essential for students to become a professional Business Graduate.

**13. Course Learning Outcomes (CLOs) and Mapping of CLOs with Program Learning Outcomes (PLOs):**

| | |
|---|---|
| CLO1 | Demonstrate actual knowledge including the mathematical notation and terminology used in this course. |
| CLO2 | Describe the fundamental principles arising from the mathematical ideas associated to business applications. |
| CLO3 | Recall, Understand and Evaluating the matrix and determinate. |
| CLO4 | Solve problems regarding permutation counting, apply permutations and combinations to business problems. |
| CLO5 | Describe the concept of Arithmetic and Geometric progression. |

| | PLO1 | PLO2 | PLO3 | PLO4 | PLO5 | PLO6 |
|---|---|---|---|---|---|---|

# MBA 5112, Business Statistics

## Part A

1. Course Code : MBA 5112
2. Course Title : Business Statistics
3. Course Type : Core Course
4. Level/Term : 1-I
5. Academic Session : Summer 2022
6. Course Teacher(s) : Mehedi Hasan
7. Pre-requisite : N/A
8. Credit Value : 3.00
9. Contact Hours : 42
10. Total Marks : 300
11. Rationale of the Course : Required Course
12. Course Objectives :

This course has been designed as an advanced course on the use of quantitative tools in Business decision- making. It includes Data Collection and Presentation, Measures of Central Tendency, Measures of Dispersion/Variation, Skewness, Moments and Kurtosis, correlation, regression, sampling and various statistical tests. The learners will also be taught about the use of computer in quantitative business analysis. Understanding of the course will develop the required skills of using quantitative tools and techniques in analyzing business situation and making appropriate decisions for the organizations. The course will also equip the students for using statistical tools and techniques in business research.

13. **Course Learning Outcomes (CLOs) and Mapping of CLOs with Program Learning Outcomes (PLOs):**

| | |
|---|---|
| **CLO1** | Illustrate classification, tabulation, frequency distribution and graphical presentation of the data. |
| **CLO2** | Classify different types of measures of central tendency and demonstrate the uses of different kinds of measures of central tendency in business |
| **CLO3** | Demonstrate measure of skewness and kurtosis and their uses in business |
| **CLO4** | Explain correlation measures- Scatter Diagram Method- Karl Pearson's coefficient of Correlation- Rank Correlation Co-efficient Multiple correlation- Partial correlation. |
| **CLO5** | Analyze Simple regression lines- Regression Equation- Regression Co-efficient, and their uses in business. |

| | **PLO1** | **PLO2** | **PLO3** | **PLO4** | **PLO5** | **PLO6** |
|---|---|---|---|---|---|---|
| **CLO1** | 3 | 2 | 3 | 3 | | |
| **CLO2** | 3 | 2 | 2 | 3 | | |
| **CLO3** | 3 | 2 | 2 | 3 | | |
| **CLO4** | 3 | 2 | 3 | 3 | 2 | |
| **CLO5** | 3 | 2 | 3 | 3 | 2 | |

**Part B**

14. **Course plan specifying content, CLOs, co-curricular activities (if any), teaching learning and assessment strategy mapped with CLOs.**

| Week | Topic | Teaching-Learning Strategy | Assessment Strategy | Corresponding CLOs |
|---|---|---|---|---|
| 1 | Introduction: Definition- Concepts- Nature- Scope- Nature of statistical Data- Collection- | Lecture notes, ppt, Reference books | Class Test<br>Final Exam<br>Participation | CLO1 |
| 2 | Classification- Tabulation- Frequency Distribution- Graphical Presentation of Data. | -do- | Class Test<br>Final Exam<br>Participation | CLO1 |
| 3 | Measures of Central Tendency : Introduction- Arithmetic Mean- Geometric Mean- Harmonic Mean- Weighted Arithmetic Mean- Mode- Median- Quartiles- Deciles- Percentiles- Properties of a Good Average- Empirical Relation among the Averages. | -do- | Class Test<br>Final Exam<br>Participation | CLO2 |
| 4 | Quartiles- Deciles- Percentiles- Properties of a Good Average- Empirical Relation among the Averages. | -do- | Class Test<br>Final Exam<br>Participation | CLO2 |
| 5 | Measures of Dispersion: Significance of Measuring Dispersion- Properties of a Good | -do- | Class Test<br>Final Exam<br>Participation | CLO3 |
| 6 | Measures of Dispersion- Range- Inter- Quartile Range and quartile Deviation- Mean Deviation- standard Deviation- Co-efficient of variations and their uses | -do- | Class Test<br>Final Exam<br>Participation | CLO3 |
| | **Mid Term** | | | **CLO1, CLO 2, CLO 3** |
| 7 | Moments, Skewness and Kurtosis: Moments From Arbitrary Value- Moments from mean- Relation between Moments- Measures of Skewness and its uses- Measures of Kurtosis and its Uses. | -do- | Class Test<br>Final Exam<br>Participation | CLO3 |
| 8 | Moments from mean- Relation between Moments- Measures of Skewness and its uses- Measures of Kurtosis and its Uses. | -do- | Class Test<br>Final Exam<br>Participation | CLO3 |

## MBA 5113, Legal Environment of Business

### Part A

| | | | |
|---|---|---|---|
| 1. | Course Code | : | MBA 5113 |
| 2. | Course Title | : | Legal Environment of Business |
| 3. | Course Type | : | Core Course |
| 4. | Level/Term | : | 1-I |
| 5. | Academic Session | : | Summer 2022 |
| 6. | Course Teacher(s) | : | Md. Zaber Hossain |
| 7. | Pre-requisite | : | N/A |
| 8. | Credit Value | : | 3.00 |
| 9. | Contact Hours | : | 42 |
| 10. | Total Marks | : | 300 |
| 11. | Rationale of the Course | : | Required Course |
| 12. | Course Objectives | : | |

i. Understanding the laws relating to business and trade matters are very important for smooth functioning of business enterprises.

ii. To provide the students with legal environment of business.

iii. Learning from this course will provide the students enough knowledge to handle the legal matters of business favorably and run the day business activities smoothly

13. **Course Learning Outcomes (CLOs) and Mapping of CLOs with Program Learning Outcomes (PLOs):**

| | |
|---|---|
| **CLO1** | Understand and apply the concepts of Contract Act in business dealings. |
| **CLO2** | Comprehend the rule of partnership as per the Partnership Act, analyze the problems of partnership firm and evaluate the method for registration of a partnership firm. |
| **CLO3** | Analyze the need of sale of goods act, apply its laws for conduction of smooth business and analyze the legal issues to solve disputes. |
| **CLO4** | Asses the correctness of applying specific laws to a specific cases and choosing the most appropriate one |

**Mapping of Course Outcomes to Program Learning Outcomes (PLO)-**

| | **PLO1** | **PLO2** | **PLO3** | **PLO4** | **PLO5** | **PLO6** |

**15. Assessment and Evaluation**

1) **Assessment Strategy**

| **CLOs** | **Teaching-Learning Strategy** | **Assessment Strategy** |
|---|---|---|
| CLO1 | Lecture, Open Discussion | Test |
| CLO2 | Lecture, Group work | Test/Class Participation |
| CLO3 | Lecture, Open Discussion | Test |
| CLO4 | Lecture, Group work | Test/Class Participation |
| CLO5 | Viva-Voce Lecture, Analysis of academic texts, cases, and examples | Test/Assignment |

2) Marks distribution:

| Assessment and Evaluation Factor | | Marks |
|---|---|---|
| a) Continuous Assessment (40%) | Class Test | 15% |
| | Assignment/Homework | 05% |
| | Class Performance | 05% |
| | Mid Term | 15% |
| b) Final Examination | | 60% |
| Total Marks | | 100% |

3) Make-up Procedures

- Missed Class Tests, Assignment, Class performance and Midterm: There will be no make-up exam if anyone intentionally misses class test or midterm exam without any valid and legitimate reason. Absence in the exams will be regarded as absent and Zero (0) marks will be applied. Notifying the instructor before the exam is a must if a student misses any exam for reasons beyond his/her control. In extreme circumstances, if the student cannot inform earlier, he/she must inform the instructor within three (3) days of the exam.
- RIB (Referred, Improvement and Backlog) exams will be conducted according to the Examination Policy for Undergraduate Programs of BAUST

**PART-D**

**16. Learning Materials**

**1) Recommended Reading:**

Income Tax Ordinance 1984 and Finance Acts.

**2) Supplementary Readings:**

Sayed Khaja Amjad : Auditing

Tandon B. N. : A Hand Book of Practical Auditing

Bangladesh Standards on Auditing : ICAB & ICMAB

## MBA 5202, Macroeconomics

**Part A**

1. Course Code : MBA 5202
2. Course Title : Macroeconomics
3. Course Type : Core Course
4. Level/Term : 1-I
5. Academic Session : Summer 2022
6. Course Teacher(s) : Mehedi Hasan
7. Pre-requisite : N/A
8. Credit Value : 3.00
9. Contact Hours : 42
10. Total Marks : 300
11. Rationale of the Course : Required Course
12. Course Objectives :

This is not a course about facts. Rather, it is a course designed to equip students with basic principles, concepts, and techniques in doing economic analysis. My goal is to help you understand

the way economists approach problems and at the end of this course, you will own a set of skills that will never become obsolete. The analysis to be covered in this course is applicable to various decision-making problems in economics, business, engineering and many other areas

**14. Assessment and Evaluation**

**1) Assessment Strategy:**

| **CLOs** | **Teaching-Learning Strategy** | **Assessment Strategy** |
|---|---|---|
| CLO1 | Analysis of academic texts, cases, and examples | Test/ Presentation |
| CLO2 | Analysis of academic texts/Lecture | Test/Assignment |
| CLO3 | Lecture/Exercise/ text book | Test/Assignment |
| CLO4 | Group work/Individual work , examples | Test/ Class Performance |
| CLO5 | Open Discussion/Debate, cases | Presentation/ Test |

**2) Marks distribution:**

| **Assessment and Evaluation Factor** | | **Marks** |
|---|---|---|
| a) Continuous Assessment (40%) | Class Test | 15% |
| | Assignment/Homework | 05% |
| | Class Performance | 05% |
| | Mid Term | 15% |
| b) Final Examination | | 60% |
| Total Marks | | 100% |

**3) Make-up Procedures:**

- Missed Class Tests, Assignment, Class performance and Midterm: There will be no make-up exam if anyone intentionally misses class test or midterm exam without any valid and legitimate reason. Absence in the exams will be regarded as absent and Zero (0) marks will be applied. Notifying the instructor before the exam is a must if a student misses any exam for reasons beyond his/her control. In extreme circumstances, if the student cannot inform earlier, he/she must inform the instructor within three (3) days of the exam.
- RIB (Referred, Improvement and Backlog) exams will be conducted according to the Examination Policy for Undergraduate Programs of BAUST.

**PART-D**

**16. Learning Materials**

**1) Recommended Readings:**

1. A. R. Khan : Bank Management: A Fund Approach
2. Dr. R. M. Debnath : Business of Banking

**2) Supplementary Readings:**

1. Dr. R. M. Debnath : Banks and Legal Environment
2. Petter Rose : Commercial Bank Management

# MBA 5206, History of the Emergence of Bangladesh

**Part A**

1. Course Code : MBA 5206
2. Course Title : History of the Emergence of Bangladesh
3. Course Type : GED Course
4. Level/Term : 1-I
5. Academic Session : Summer 2022
6. Course Teacher(s) : Zannatul Safa
7. Pre-requisite : N/A
8. Credit Value : 3.00
9. Contact Hours : 42
10. Total Marks : 300
11. Rationale of the Course : Required Course
12. Course Objectives :

After completing this course, students will be able to:

i. Identify and explain the main events of the history of Bangladesh since the Partition of Bengal to the creation of Bangladesh as a sovereign state in 1971.
ii. Identify and explain the background of the partition of India in 1947.
iii. Identify and explain the inevitability of the emergence of Bangladesh as a sovereign state.
iv. Identify and explain the early history of Bangladesh for the enlargement of their understanding with patriotism towards the national integration and advancement

13. **Course Learning Outcomes (CLOs) and Mapping of CLOs with Program Learning Outcomes (PLOs):**

| | |
|---|---|
| **CLO1** | To identify and explain the main events of the History of Emergence of Independent Bangladesh. |
| **CLO2** | Understand the inevitability of the emergence of Bangladesh as a sovereign state and analyses about how Bangladesh come to be, about how we gained independence |
| **CLO3** | Evaluate the most fundamental aspects of our education that entails learning about the history of Bangladesh |

| | **PLO1** | **PLO2** | **PLO3** | **PLO4** | **PLO5** | **PLO6** |
|---|---|---|---|---|---|---|
| **CLO1** | | | | 2 | 1 | |

# MBA 5207, বাঙালির সাহিত্য ও সংস্কৃতি

**Part A**

| | | | |
|---|---|---|---|
| 1. | Course Code | : | MBA 5207 |
| 2. | Course Title | : | বাঙালির সাহিত্য ও সংস্কৃতি |
| 3. | Course Type | : | GED Course |
| 4. | Level/Term | : | 1-I |
| 5. | Academic Session | : | Summer 2022 |
| 6. | Course Teacher(s) | : | Rakibul Hasan |
| 7. | Pre-requisite | : | None |
| 8. | Credit Value | : | 3.00 |
| 9. | Contact Hours | : | 42 |
| 10. | Total Marks | : | 300 |
| 11. | Rationale of the Course | : | Required Course |
| 12. | Course Objectives | : | |

i. যোগাযোগের মাধ্যম হিসেবে বাংলা ভাষার গুরুত্বকে উপলব্ধি করা এবং সেইসাথে জ্ঞানকান্ডের বিভিন্ন শাখার সাথে সংযোগ তৈরির উপায় হিসেবে ভাষা সম্পর্কিত জ্ঞান লাভ করা।

ii. সাহিত্য ব্যক্তির কল্পনা ও অনুভূতি নিয়ে কাজ করে ফলে আদর্শ মানুষ হয়ে গড়ে ওঠার পেছনে সাহিত্য গুরুত্বপূর্ণ ভূমিকা পালন করে।

iii. সাহিত্য পাঠের মাধ্যমে বোধ জাগ্রত হয় ফলে অন্যের প্রতি সহানুভূতিশীল এবং মানবিক বোধসম্পন্ন চিন্তা- চেতনা গড়ে ওঠে।

iv. যুক্তিবোধ তৈরি করে এবং সৃষ্টিশীল পৃথিবী গড়তে সহায়ক ভূমিকা পালন করে।

v. তথ্য- প্রযুক্তির উৎকর্ষ ও জ্ঞান-বিজ্ঞানের বিভিন্ন শাখার সাথে আন্তঃসম্পর্ক গঠনে গুরুত্বপূর্ণ ভূমিকা পালন করে।

13. **Course Learning Outcomes (CLOs) and Mapping of CLOs with Program Learning Outcomes (PLOs):**

| CLO No. | Course Learning Outcomes (CLO) Statements |
|---|---|
| **CLO 1** | শুদ্ধভাবে ভাষা বিষয়ক জ্ঞান অর্জন করা , নিজের অস্তিত্ব ও শেকড়ের অনুসন্ধানে চেতনাকে প্রবাহিত করা। |
| **CLO 2** | ভাষা বিষয়ক জ্ঞান অর্জন, বোধের বিকাশ এবং তা বাস্তব জীবনে প্রয়েগে উৎসাহিত করা। |
| **CLO 3** | সাহিত্য সংস্কৃতির মাধ্যমে নিজ দেশ ও জাতিকে জানা। জাতির ইতিহাস ও ঐতিহ্য অনুসন্ধানের পাশাপাশি ধারাবাহিক চর্চায় অনুপ্রাণিত করা এবং বাস্তব জীবনে তা প্রয়োগ করা। |

| Course Learning Outcomes(CLO) | PLO 1 | PLO 2 | PLO 3 | PLO 4 | PLO 5 | PLO 6 |

Financial Modeling and valuation: A Practical Guide to Investment Banking and Private Equity, by Paul Pignataro

Leasing as an Alternative Source of Financing by M Mavrogiannidou

# MBA 5216, Business Research Methods

**Part A**

1. Course Code : MBA 5216
2. Course Title : Business Research Methods
3. Course Type : Core Course
4. Level/Term : 1-I
5. Academic Session : Summer 2022
6. Course Teacher(s) : Md. Anowar Hossain
7. Pre-requisite : N/A
8. Credit Value : 3.00
9. Contact Hours : 42
10. Total Marks : 300
11. Rationale of the Course : Required course
12. Course Objectives: The course is designed to;
    - i) Enable the students understanding the basic of research
    - ii) Make students confident in collection, analysis and interpretation of research data
    - iii) Equip students with Hands on problem solving research for business purposes.

**13. Course Learning Outcomes: at the end of the course, the students will be able to-**

| | |
|---|---|
| **CLO1** | Build the foundation of scientific thinking; |
| **CLO2** | Understand the framework of the business research process; |
| **CLO3** | Develop an understanding of research design and techniques |
| **CLO4** | Conduct basic qualitative and quantitative research, and |
| **CLO5** | Equip the students for scholarly writing and evaluate the report. |

| | **PLO1** | **PLO2** | **PLO3** | **PLO4** | **PLO5** | **PLO6** |

| 13 | **Comparative Accounting-The Americas and Asia, Europe:** Some observations about accounting standards and practice | -do- | Class Test<br>Final Exam<br>Participation | CLO3 |
| 14 | IFRS in the European Union, | -do- | Class Test<br>Final Exam<br>Participation | CLO3 |

## Part C

### 15. Assessment and Evaluation

**1. Assessment Strategy:**

| CLOs | Teaching-Learning Strategy | Assessment Strategy |
|---|---|---|
| CLO1 | Presentation/Open Discussion/Debate/Written assignment/Group work/Individual work | Test |
| CLO2 | Lecture/Exercise | Test/Class Performance |
| CLO3 | Class Performance | Test/Assignment |
| CLO4 | Viva-Voce, Analysis of academic texts, cases, and examples | Test |

**2. Marks distribution:**

| Assessment and Evaluation Factor | | Marks |
|---|---|---|
| a) Continuous Assessment (40%) | Class Test | 15% |
| | Assignment/Homework | 05% |
| | Class Performance | 05% |
| | Mid Term | 15% |
| b) Final Examination | | 60% |
| Total Marks | | 100% |

**3. Make-up Procedures:**

- Missed Class Tests, Assignment, Class performance and Midterm: There will be no make-up exam if anyone intentionally misses class test or midterm exam without any valid and legitimate reason. Absence in the exams will be regarded as absent and Zero (0) marks will be applied. Notifying the instructor before the exam is a must if a student misses any exam for reasons beyond his/her control. In extreme circumstances, if the student cannot inform earlier, he/she must inform the instructor within three (3) days of the exam.
- RIB (Referred, Improvement and Backlog) exams will be conducted according to the Examination Policy for Undergraduate Programs of BAUST.

**1) Recommended Reading:**

Choi and Mueller- International accounting.

**2) Supplementary Reading:**

International Accounting, K.Meek

# ACN 6102, Advanced Accounting Theory

**Part A**

1. Course Code : ACN 6102
2. Course Title : Advanced Accounting Theory
3. Course Type : Elective Course
4. Level/Term : 1-II/ 2-I
5. Academic Session : Summer 2022
6. Course Teacher(s) : Most. Mukta Khatun
7. Pre-requisite : N/A
8. Credit Value : 3.00
9. Contact Hours : 42
10. Total Marks : 300
11. Rationale of the Course : Required Course
12. Course Objectives :
    i. To examine the role of the Conceptual Framework in the standard-setting process.
    ii. Discuss Generally Accepted Accounting Principles in relation to a variety of controversial accounting issues.
    iii. Understand and demonstrate how financial reporting choices affect economic decisions of investors, creditors, and others.
    iv. Demonstrate how and why companies try to "manage" earnings, and the consequences of such earnings manipulation practices.
    v. Explain the impact of recent legislation, accounting and auditing standards on the future of the accounting profession.
    vi. Consider the role of audit-related issues on the quality of financial reporting

13. **Course Learning Outcomes (CLOs) and Mapping of CLOs with Program Learning Outcomes (PLOs):**

| | |
|---|---|
| **CLO1** | Understand the theoretical basis of current accounting standards |
| **CLO2** | Analyze and increase awareness of how theories relate to, or contradict, real world events |
| **CLO3** | Interpret an interest in current events and issues facing the profession |
| **CLO4** | Develop an understanding how scholarly research tests theories and can assist policy development. |

| | **PLO1** | **PLO2** | **PLO3** | **PLO4** | **PLO5** | **PLO6** |
|---|---|---|---|---|---|---|
| **CLO1** | | 2 | 3 | 1 | | 1 |
| **CLO2** | 1 | 2 | | 3 | 1 | 1 |
| **CLO3** | 2 | | 3 | 1 | | |
| **CLO4** | 1 | 2 | 2 | | 3 | 2 |

## Part B

**14. Course plan specifying content, CLOs, co-curricular activities (if any), teaching learning and assessment strategy mapped with CLOs.**

| Week | Topic | Teaching-Learning Strategy | Assessment Strategy | Corresponding CLOs |
|---|---|---|---|---|
| 1 | **Introduction:** Accounting and its changing role, users of accounting information, accounting theory and its Need | Lecture notes, ppt, Reference books | Class Test Final Exam Participation | CLO1 |
| 2 | Research Methodology for the Formulation of Accounting Theory, Nature, Classification and Foundation of Accounting Theory | -do- | Class Test Final Exam Participation | CLO2 |
| 3 | **Approaches to the Formulation of Accounting Theory:** Traditional Approaches, New Approaches, Efficient Market Hypothesis | -do- | Class Test Final Exam Participation | CLO1 CLO2 |

**PART-D**

**16. Learning Materials**

**1) Recommended Reading:**

i. Principles of Managerial Finance (Lawrence J. Gitman & Chad J. Zutter) 14th Edition

**2) Supplementary Readings:**

i. Working Capital Management by Hrishikes Bhattacharya, PHI publication.
ii. Financial Management by I.M. Pandey, Vikas Publishing House.
iii. Working Capital Management by R.P. Rustagi, Taxman Publication.

# ACN 6104, Accounting Based on IAS and IFRS

**Part A**

1. Course Code : ACN 6104
2. Course Title : Accounting Based on IAS and IFRS
3. Course Type : Elective course
4. Level/Term : 1/II,2/I
5. Academic Session : Summer 2022
6. Course Teacher(s) : Sanzida Begum
7. Pre-requisite : N/A
8. Credit Value : 3.00
9. Contact Hours : 42
10. Total Marks : 300
11. Rationale of the Course : Required Course
12. Course Objectives :

    i. Understand financial reporting standards to determine their structures and basis of conclusions

    ii. Analyzing different accounting standards and improvising the professional competence to better implication of the standards.

    iii. Create restatement of financials as per each country's accounting standards as this is so important in a global economy to facilitate comparison among companies across countries.

    iv. Explain the structure and content of each component of a set of financial statements alongside the considerations which should be taken into account when preparing financial statements.

13. **Course Learning Outcomes (CLOs) and Mapping of CLOs with Program Learning Outcomes (PLOs):**

| | |
|---|---|
| **CLO1** | Understand financial reporting standards to determine their structures and basis of conclusions. |
| **CLO2** | Analyzing different accounting standards and improvising the professional competence to better implication of the standards. |
| **CLO3** | Create restatement of financials as per each country's accounting standards as this is so important in a global economy to facilitate comparison among companies across countries. |
| **CLO4** | Explain the structure and content of each component of a set of financial statements alongside the considerations which should be taken into account when preparing financial statements. |

# HRM 6101, Compensation Management

**Part A**

1. Course Code : HRM 6101
2. Course Title : Compensation Management
3. Course Type : Major Course
4. Level/Term :
5. Academic Session : Summer 2022
6. Course Teacher(s) :
7. Pre-requisite : N/A
8. Credit Value : 3.00
9. Contact Hours : 42
10. Total Marks : 300
11. Rationale of the Course : Required Course
12. Course Objectives :

v. To learn basic compensation concepts and the context of compensation practice

vi. To illustrate different ways to strengthen the pay-for-performance link.

vii. To learn the concepts of Payment and employee benefits issues for contingent workers.

viii. To understand the Legally required employee benefits.

ix. To learn some of the implications for strategic compensation and possible employer approaches to managing legally required benefits

**13. Course Learning Outcomes (CLOs) and Mapping of CLOs with Program Learning Outcomes (PLOs):**

| | |
|---|---|
| **CLO1** | Understand the basic concepts, policies and principles of compensation |
| **CLO2** | Analyze employees' performance appraisal system |
| **CLO3** | Develop and evaluate an effective pay structure for organizational employees |
| **CLO4** | Prepare and apply an incentive plan that motivates employees |
| **CLO5** | Create an effective compensation model which incorporates employees' pay, commission and taxes |

| | **PLO1** | **PLO2** | **PLO3** | **PLO4** | **PLO5** | **PLO6** |

Training & Development: Theory & Practices- Steve Truelove.

# HRM 6103, Strategic Human Resource Management

**Part A**

1. Course Code : HRM 6103
2. Course Title : Strategic Human Resource Management
3. Course Type : Major
4. Level/Term : N/A
5. Academic Session : Summer 2022
6. Course Teacher(s) : N/A
7. Pre-requisite : N/A
8. Credit Value : 3.00
9. Contact Hours : 42
10. Total Marks : 300
11. Rationale of the Course : Required Course
12. Course Objectives :

iv. To apply critical thinking skills in analyzing theoretical and applied perspectives of strategic HRM and ER

v. To analyze problems and develop strategies to solve the problems relating to HRM issues in an organization

13. **Course Learning Outcomes (CLOs) and Mapping of CLOs with Program Learning Outcomes (PLOs):**

| | |
|---|---|
| **CLO1** | Understand the meaning of SHRM and how does it differentiate from HRM |
| **CLO2** | Formulate HR planning and connect it to organizational strategic planning |
| **CLO3** | Conduct job analysis and prepare job description and job specification |
| **CLO4** | Undertake the action plans for employee recruitment and selection |
| **CLO5** | Formulate and implement the strategy for training and development |

| | **PLO1** | **PLO2** | **PLO3** | **PLO4** | **PLO5** | **PLO6** | **PLO7** |

# HRM 6104, International Human Resource Management

**Part A**

1. Course Code : HRM 6104
2. Course Title : International Human Resource Management
3. Course Type : Major Course
4. Level/Term :
5. Academic Session : Summer 2022
6. Course Teacher(s) :
7. Pre-requisite : N/A
8. Credit Value : 3.00
9. Contact Hours : 42
10. Total Marks : 300
11. Rationale of the Course : Required Course
12. Course Objectives :
    i. Identify and Understand issues and practices pertaining to the major HRM functions within the context of a multinational environment
    ii. Recognize and value cultural differences
    iii. Describe the cultural differences
    iv. Develop successful programs for international assignees (short term/long term)
    v. Become an expert in a particular country with regard to issues and practices pertaining to major HRM functions
    vi. Take ownership of their own career and its development
    vii. Evaluate "best practices" across cultures
13. **Course Learning Outcomes (CLOs) and Mapping of CLOs with Program Learning Outcomes (PLOs):**

| | |
|---|---|
| **CLO1** | Understand International human resource management challenges & context of IHRM |
| **CLO2** | Analyzing International employee relations and performance assessments. |
| **CLO3** | Know International recruitment & selection, International training and development & International compensation etc. |
| **CLO4** | Helps in developing the international workforce in international business to achieve organizational success. |

## FIN 6104, Financial Statement Analysis and Interpretation

**Part A**

| | | | |
|---|---|---|---|
| 1. | Course Code | : | FIN 6104 |
| **2** | Course Title | : | Financial Statement Analysis and Interpretation |
| **3** | Course Type | : | Elective |
| **4** | Level/Term | : | 1/II (BBA Graduates); 2/I (Executives); 2/II (Regular) |
| **5** | Academic Session | **:** | Summer 2022 |
| **6** | Course Teacher(s) | **:** | |
| **7** | Pre-requisite | **:** | All Core Course |
| **8** | Credit Value | **:** | 03 |
| **9** | Contact Hours | **:** | 42 |
| **10** | Total Marks | **:** | 300 |
| **11** | Rationale of the Course | **:** | Required |
| **12** | Objectives of the course | **:** | i) Understanding the core concept of financial statement;<br>ii) Analyzing various financial statement for decision making;<br>**iii)** Applying techniques for better decision making by analyzing financial statement of a firm. |

**13. Course Learning Outcomes (CLOs) and mapping of CLOs to Program Learning Outcomes (PLOs): -**

| | |
|---|---|
| **CLO 1** | Develop their understanding about basic concepts of financial statement analysis for investment and credit decisions; |
| **CLO 2** | Solve the business problems by analyzing and interpreting the accounting information supplied mainly through financial statements; |
| **CLO 3** | Analyze competitive strategy of an organization and identify financial distortion; |
| **CLO 4** | Help understand the role of accounting rate of return (ARR) in the security valuation process; |

| | |
|---|---|
| **CLO 5** | demonstrate the underlying interdependency between cash accounting and accrual accounting in judging the quality of accrual earnings and the culture of earnings management by firms; |
| **CLO 6** | Predict financial distress and credit risk of an organization |
| **CLO 7** | Analyze cash flows of an organization and its impact on financial statement analysis; |

| | **PLO 1** | **PLO 2** | **PLO 3** | **PLO 4** | **PLO 5** | **PLO 6** |
|---|---|---|---|---|---|---|
| **CLO 1** | | | 2 | | | |
| **CLO 2** | | | | 2 | | |
| **CLO 3** | | | | | | |
| **CLO 4** | | | | | | 3 |
| **CLO 5** | | | | | | 2 |
| **CLO 6** | | | | 3 | | |
| **CLO 7** | | | | | 3 | |

**Part B**

**14. Course plan specifying content, CLOs, co-curricular activities (if any), teaching learning and assessment strategy mapped with CLOs.**

| **Week** | **Topic (as Summary)** | **Teaching learning Strategy** | **Assessment Strategy** | **Corresponding CLOs** |
|---|---|---|---|---|
| 1 | **Introduction to Financial Statements Analysis:** Financial Statements and their Users; Objectives of Financial Statement Analysis; From Business Activities to Financial Statements; Components of the Financial Statements; Sources of Financial Information; | Lecture, Group discussion | Quiz, Exam participation | CLO-1 |
| 2 | Additional Information Accompanying Financial Statements; Measurement in the Financial Statements; Influences of the Accounting System on Information Quality; Limitations of Financial Accounting Data for Financial Statement Analysis. | -do- | -do- | CLO-1 |

| | | | | |
|---|---|---|---|---|
| 3 | **Financial Analysis Tools:**<br>**Horizontal and Vertical Analysis:** Comparative Financial Statement Analysis: Year-To-Year Change Analysis, Index Number Trend Analysis, Common-Size Financial Statement Analysis. | -do- | -do- | CLO 2 |
| 4 | **Ratio Analysis:** Common Sets of Financial Measures and Ratios: Liquidity Measures and Ratios, Profitability Measures and Ratios, Activity Measures and Ratios, Solvency Measures and Ratios, Overall Measures and Ratios: Earnings Per Share, Price to Earnings Ratio, Price to Book Ratio, Dividend-Payout Ratio, Sustainable Growth Rate. | -do- | -do- | CLO 2 |
| 5 | **Profitability Analysis:** The Analysis of Return on Common Equity, First-Level Breakdown: Distinguishing Financial and Operating Activities and the Effect of Leverage, Second-Level Breakdown: Drivers of Operating Profitability, Third-Level Breakdown: Profit Margin Drivers, Turnover Drivers, Borrowing Cost Drivers, Profitability including DuPont analysis. | -do- | -do- | CLO 2 |
| 6 | **Business Analysis and Valuation Tools:**<br>**Strategy Analysis:** Industry structure and Profitability- Degree of Actual and Potential Competition – Bargaining Power of Buyer and Supplier, Competitive Strategy analysis - Source of Competition, Strategies for Creating Competitive Advantage, Achieving and Sustaining Competitive advantage, Corporate Strategy Analysis – Sources of Value Creation. | -do- | -do- | CLO 2 |

| | | | | |
|---|---|---|---|---|
| 7 | **How Financial Statements are Used in Valuation:**<br>**Multiple Analysis:** Method of Comparable and Screening of Multiples<br>**Fundamental Analysis:** The Process of Fundamental Analysis, Financial Statement Analysis, and Pro-Forma Analysis, the Valuation Model, the Terminal Value Calculation, Capital Asset Pricing Model (CAPM) and the Choice of Discount Rate. | -do- | -do- | CLO 3 |
| | **Mid** | | | CLO 1, CLO 2, CLO 3 |
| 8 | **Redefining Financial Statements for Valuation:** Defining Net Operating Assets, Net Financial Obligations and Common Stock Equity; Operating Income and Net Financial Expenses; Return on Common Equity and its Decomposition between Profitability of Net Operating Assets and Net Borrowing Costs. | -do- | -do- | CLO 4 |
| 9 | **Analysis of the Quality of Earnings:**<br>Earnings Quality; Definition, Measuring Earnings Quality, Balance Sheet Analysis Of Earnings Quality, External Factors and Earnings Quality; Earnings Persistence: | -do- | -do- | CLO 5 |
| 10 | Recasting and Adjusting Earnings for Analysis, Determinants of Earnings Persistence, Persistence of Extraordinary Items in Earnings; Determinants of Earnings Quality, Detecting Income Shifting, Detecting Transaction Manipulation, Justifiable Manipulation?, Disclosure Quality, Quality Scoring, Abnormal Returns to Quality Analysis. | -do- | -do- | CLO 5 |

| | | | | |
|---|---|---|---|---|
| 11 | **Credit Analysis and Distress Prediction:** Financial Statement Analysis for Credit Evaluation, Financing Risk; Distinguishing Between Financial Leverage and Operating Leverage; Relation between Return and Leverages; Leverages and Taxes; Leverages and its Effects on Residual Earnings; | -do- | -do- | CLO 6<br>CLO7 |
| 12 | Leverages and Residual Earnings Model.<br>Problems of Operationalizing Financial Distress - Indicators of Financial Distress, Uni-variate models of Distress Prediction - Multi-variate models of Distress Prediction - Capital Market reaction of Financial Distress. | -do- | -do- | CLO 7 |
| 13 | **Cash Flow Analysis and Equity Valuation Models:**<br>Cash Flows, Earnings and Accrual Accounting; Reconciling Earnings with Free Cash Flows; Operating Accruals and Financial Accruals and Earnings Management.<br>Valuation Models: Modigliani-Miller (MM) Approach to Valuation and the Role of Leverage; Dividend Discount Model, Earnings Capitalization Model, Residual Earnings Model and Free Cash Flow Model. | -do- | -do- | CLO 7 |
| 14 | Accrual Accounting and Price-to-Book Ratio; Relation between Price-to-Book (P/B) Ratio and Price-Earnings (P/E) Multiple.<br>Residual Earnings Model of Equity Valuation: Concept of Residual Earnings, Features of Residual Earnings Model; Discounting Residual Earnings, Drivers of Residual Earnings; Using Hierarchical Financial Ratios to Forecast Drivers of Residual Earnings; and Drivers of Growth in Residual Earnings. | -do- | -do- | CLO 7 |
