3.8 The Grading System

3.8.1 The Letter Grade

The total performance of a student in a given course is based on a scheme of continuous assessment. For theory courses this continuous assessment is made through a set of quizzes, class evaluation, class participation, homework, assignment and a term final examination. Each course has a certain number of credits, which describes its corresponding weightages. A letter grade with a specified number of grade points is awarded in each course for which a student is registered. A student's performance is measured by the number of credits completed satisfactorily and by the weighted average of the grade points earned. A minimum grade point average (GPA) is essential for satisfactory progress. 60/36/48 credits have to be acquired in order to qualify for the degree. Letter grades and corresponding grade points will be awarded in accordance to the provisions shown below:

Numerical Markings	Grade	Grade Points
80% and above	A+	4.00
75% to below 80%	A	3.75
70% to below 75%	A-	3.50
65% to below 70%	B+	3.25
60% to below 65%	B	3.00
55% to below 60%	B-	2.75
50% to below 55%	C+	2.50
45% to below 50%	C	2.25
40%to below 45%	D	2.00
below 40%	F*	0.00
Incomplete	I	-
Withdrawal	W	-
Project/ Thesis continuation	X	-

* Subject in which the student gets 'F' grades will not be counted towards credit hours requirements and for the calculation of Grade Point Average (GPA)

3.8.2 Distribution of Marks

Evaluation Procedures:

Thirty percent (30%) of marks of a theoretical course shall be allotted for continuous assessment, i.e. quizzes/ class tests, class evaluation and class participation. The rest of the marks (70%) will be allotted to the term final. Distribution of marks for a given course is as follows:

Class Participation/Observation	5%
Class Attendance	5%
Class Tests/ quizzes	20%
Final Examination (3 hours)	70%
Total	**100%**

The number of quizzes of a course shall be n+1, where n is the number of credits of the course. Evaluation of performance in quizzes will be on the basis of the best n quizzes. The scheme of continuous assessment that a particular teacher wishes to follow for a course will be announced on the first day of classes.

Eligibility to Appear at the Examinations:

1. In order to be eligible for appearing at the examination, a candidate shall be required to attend on an average not less than 70% of the lectures. The Academic Committee of the Department may recommend marginal cases for shortage of attendance (not below 60%) on special ground with documentary evidences. In this case, the candidate shall have to pay the requisite fee as determined by the University Authority.
2. The Controller of the Examinations shall issue admit card only to the eligible candidates as per rules and send these to the concerned Department/Faculty and the Chairman shall distribute to the candidates.

3.9 Duration of Examination:

Examination will be held on term basis. Time allotted for the Examination will be as follows:

Hours for 70 Marks

3.10 Attendance:

All students are expected to attend classes regularly. The university believes that attendance is necessary for effective learning. The first responsibility of a student is to attend classes regularly, and one is required to attend at least 60% of all classes held in any course, otherwise he/she shall not be allowed to sit for final examination.

3.11 Internship:

The internship is a part of the MBA degree requirement. The internship constitutes a practical work experience and is a preparatory step towards placement. The primary goal of internship is to provide on the job exposure to the student and an opportunity for translation of theoretical concepts in to real life situation. During internship Students will be placed in enterprises, organizations, NGO's, research institutes as well as development projects. **The program covers a period of 10 (ten) weeks of organizational attachment and 4 (four) weeks of report finalization work**.

The student is required to prepare and submit an internship report within the time specified. The internship report of a student will be graded as per usual grading practice of the university. The passing grade in the internship program is 'B' Failure to obtain passing grade will call for a retake of internship program. Such retake will be allowed only once. The grade earned on the internship report will be included in the grade sheet and calculate CGPA of the student.

3.12 Teacher-Student Interaction:

The academic system in this university encourages students to come in close contact with the teachers. For promotion of high level of teacher-student's interaction, a course coordinator (CC) is assigned to each course. Students are free to discuss with CC about all academic matters. Students are also encouraged to meet other teachers any time for help and guidance for academic matters. Heads of the departments, Proctor, Advisor of Students‟ Welfare (ASW) and Dean may address the students at some intervals.

3.13 Conduct and Discipline:

During their stay in BAUST, all students are required to abide by the existing rules, regulations and code of conduct. Students are strictly forbidden to form or be members of student organization or political party, club, society etc., other than those set up by university authority in order to enhance student's physical, intellectual, moral and ethical development.
