About BAUST

Bangladesh Army University of Science and Technology (BAUST), founded on February 15, 2015, at Saidpur Cantonment, aims to expand access to quality technical and higher education across Bangladesh, including remote regions. Established by the Bangladesh Army Welfare Trust, BAUST began its journey with four departments: Computer Science and Engineering (CSE), Electrical and Electronic Engineering (EEE), Mechanical Engineering (ME), and Arts and Sciences (A&S). Today, it has ten departments across five faculties: Computer Science and Engineering, Electrical and Electronic Engineering, Mechanical Engineering, Arts and Sciences, Industrial and Production Engineering, Civil Engineering, Business Administration, English, Accounting and Information Systems, and Information and Communication Technology. BAUST offers residential facilities and fosters a balanced education through various extracurricular activities and sports, contributing to the development of skilled professionals.

Handover of Adminstrative Responsibilities to New Vice-Chancellor

Vice Chancellor's Note

It is with great honor and pride that I present the first-ever issue of the BAUST Newsletter, a platform designed to reflect the dynamic spirit of the Bangladesh Army University of Science and Technology (BAUST). This maiden edition covers not only the events of the recent months but also provides a glimpse into our past through photographs and stories of previous events, blending both old memories and new achievements. Guided by our motto of "Discipline, Knowledge and Morality" this issue highlights student achievements and faculty accomplishments, showcasing the dedication that drives us forward. The vibrant club activities demonstrate the active engagement of students beyond their academic responsibilities. It also features academic and administrative meetings, reflecting our efforts toward continuous improvement in education and operations. Moreover, the visits of dignitaries at key events have brought valuable perspective and developed meaningful collaboration.

I would like to thank the editorial team for their dedication in compiling this first edition and ensuring its reflection on the essence of BAUST. I encourage all members of the BAUST family to actively participate and contribute to future issues, making this platform a space to celebrate our journey together. I look forward to seeing this newsletter grow as a meaningful medium to share achievements, foster collaboration, and build connections within our university and beyond.
